CAPITAL IMPROVEMENT PLAN

There was on-going discussion focusing on potential sources to increase revenues and/or decrease expenditures. Comments were heard and questions were answered.

Moved by Mr. Newell, seconded by Mrs. Evans that we ask the law director to draft up legislation for Council to review that changes the income tax credit. We can do it as a combination of charging an applicable fee for trash pick-up and we adjust the tax credit with an educational program to explain to the residents when they get upset so that we net \$730,000 to \$735,000 a year on an annual basis. Carried. Ayes: Evans, Lutz, Newell, Patton. Nays: Herdman, Muscenti.

The meeting adjourned at 7:15 p.m.
