What is 4-H?

4-H Pledge:

I pledge my head to clearer thinking, my heart to greater loyalty, my hands to larger service, and my health to better living for my club, my community, my country and my world.

4-H is.....

Youth learning life skills through real life situations. Youth develop these skills by participating in club community service projects, local county and state fairs, youth livestock auctions and youth markets and by completing a year-long project.

They also learn leadership through state and county events such as youth fest, youth leadership council and more.

Start the adventure today!
