

Android Applications

WHEN YOUR NEED IS

SPEED

YOU NEED PORTABILITY

About WebXpress Android

Android Applications empower. They are not a technology for the sake of technology, they are meant to open opportunities.

They immediately become relevant when your on-field data is made available to you on-the-spot.

WebXpress Android Applications are not just a set of companions to our ERP.

They enhance your productivity when your work demands speed.

With smartphones seeing a fall in price and modern technology becoming more and more commonplace, it makes sense to utilize its potential to the fullest.

With this in mind, WebXpress brings you a suite of Apps that are available for free* on the Google Play Store.

They are fully functional from the most expensive to the most economical phones that you would wish to use.

* Available to our ERP customers for free.

WebXpress Android Differentiators

WebXpress Android Applications have a number of advantages that benefit your business

Completely Backwards Compatible from Android Froyo 2.2 to Jelly Bean 4.2

Works on practically any Android Device

When speed matters WebXpress Applications adds to new possibilities

Portability leads to real productivity. Where your network can go your people and their phones can, so that you always stay up-to-date.

No dependence on a single person as every employee will enter his own data. And since it is so simple, it is joy to use.

Android Application Portfolio

Customer Outstanding Bills

Billing module helps in finding out Branchwise and Locationwise outstanding. It sends auto alerts via SMS to concerned party.
