

8-11-0

Guaranteed Analysis

Total Nitrogen (N)	8.00%
1% Ammoniacal Nitrogen	
4% Nitrate Nitrogen	
3% Urea Nitrogen	
Available Phosphate (P₂O₅)	11.00%
Calcium (Ca)	5.00%
Boron (B)	0.09%
Copper (Cu)	0.08%
Manganese (Mn)	0.08%
Zinc (Zn)	0.17%

Derived from urea, ammonium phosphate, phosphoric acid, calcium nitrate, boric acid, copper nitrate, manganese citrate and zinc citrate.

GENERAL INFORMATION

NUE Phos-Cal 8-11-0+5% Ca is a concentrated mixture of nitrogen and phosphate fertilizers with calcium, boron, copper, manganese and zinc in a soluble form.

DIRECTIONS FOR USE

Mixing Directions

1. Be sure spray tank is thoroughly cleaned.
2. Fill 1/2 full with clean water and start agitation.
3. Add NUE Phos-Cal 8-11-0+5 Ca and continue agitation.
4. Add other nutrients if compatible.
5. Adjust pH if necessary.
6. Add pesticides if compatible.
7. Fill tank and agitate thoroughly.

Compatibility - NUE Phos-Cal 8-11-0+5 Ca is compatible

with most pesticides.

WARNING: NUE Phos-Cal 8-11-0+5 Ca may LOWER the pH of the spray solutions. If desired, raise pH by adding NUE Cal-8. When tank mixing NUE Phos-Cal 8-11-0+5 Ca with pesticides requiring specific pH ranges, always follow pesticide label directions.

NUE Phos-Cal 8-11-0+5 Ca can be blended with other liquid fertilizers. Always conduct a jar test before mixing with other fertilizers (i.e. phosphate). If any precipitation occurs, it may be necessary to add NUE Water Conditioner compatibility agent. Consult your Bio-Gro dealer for more information.

CAUTION: Tank mixes with copper based fungicides can be toxic due to increased solubility of copper. Application of this product with copper fungicides or any other low pH sensitive product is not recommended.

SUGGESTED APPLICATIONS

NUE Phos-Cal 8-11-0+5 Ca can be used on crops where foliar, fertigated or soil applied fertilizer are required. Consult your Bio-Gro dealer for specific recommendations.

FOLIAR APPLICATIONS

NUE Phos-Cal 8-11-0+5 Ca can be applied by ground, or air equipment. Always use enough water for uniform application and to prevent possible plant tissue damage to the intended crop from concentrated droplets.

Do not apply foliar applications of NUE Phos-Cal 8-11-0+5 Ca under poor drying conditions or in excess heat.

Field Crops: Apply 1 to 8 quarts per acre as a directed foliar spray during periods of rapid growth or nutritional demand once plants have reached 4-8 inches in height. NUE Phos-Cal 8-11-0+5 may be applied at 10 to 14 day intervals.

Vegetable Crops: Foliar 1-8 quarts per acre. Apply NUE Phos-Cal 8-11-0+5 as needed throughout vegetative

development and/or during rapid fruit growth.

Tree and Vine Crops: Apply 2 to 8 quarts per acre from bud swell to harvest. Repeat applications may be made in 10 to 21 day intervals.

Berry Crops: Apply 2 to 8 quarts per acre of NUE after active vegetative growth begins. Applications may be repeated in 7 to 14 day intervals. Dilute spray in at least 100 gallons per acre of water.

FERTIGATION APPLICATION

All Crops: NUE Phos-Cal 8-11-0+5 may be applied by fertigation through micro or overhead irrigation systems. Apply at 1-5 gallons/acre.

SOIL APPLICATIONS

Sidress/Bending/Infurrow: Apply at 1-5 gallons/acre of NUE 5-16-4+5 Ca directly to the soil. Avoid direct contact with fertilizer sensitive soils.

Foliar fertilization can be an effective remedy for diagnosed plant deficiencies of secondary nutrients and micronutrients, but may cause plant damage if applied at more than recommended rates or concentrations. Use of this product is recommended only as a supplement to a regular fertilization program and only on plants with confirmed secondary nutrient or micronutrient deficiencies.

Foliar fertilization with primary nutrients will not provide the quantities of nutrients required for normal plant growth. This product may cause foliar burn if applied in higher than recommended rates or concentrations. Use only as a supplement to a regular fertilization program.

CONDITIONS OF SALE

Seller and/or manufacturer warrants only that this product consists of the ingredients specified on this label. No one is hereby authorized to make any warranty and/or guarantee concerning the use of this product. Being that the use, timing, placement, rate, application and other conditions are beyond the control of the seller and/or manufacturer, the seller's and/or manufacturer's liability for handling, storage and use of this product is limited to replacement of product or refund of purchase price.
