## . : **BIOGRAPHY** : .

Hailing from the heartland (U.S.), Not Funny is seriously no joke. After ten years of writing and performing, Aaron David Wrigley (a classic "good ol' rock boy") continues sharing his authentic folky vibes to strangers everywhere. Neither retro nor vintage, but charming and intimate, Not Funny is exactly like it sounds.

Ranging from slow and methodical to energized and determined, Not Funny captures a range of emotions then ties them all together. Thoughtful words combine with percussive guitar melodies. Music to rekindle past life experiences. These songs are no laughing matter.

"Aaron David Wrigley's performances are full of life and energy. Great folk songs with lyrical stories he can get behind . . . This is a guy working hard to do it right, his way." - B. Baldwin ([www.bbaldwinmusic.com](http://www.bbaldwinmusic.com))
