

WHAT FOLKS ARE SAYING

Bruce

AMAZING! I know that I will be referring back to this retreat throughout my life as a spiritual turning point for myself and in our marriage.

Craven Our marriage has always been grounded in faith, but we rarely prayed together. We now find it easy to pray together.

Grimm - We arrived with tension and irritation and we left with the resources and promise to each other to take time to communicate and pray together. I arrived broken - I left healed and with a clean heart.

Schultz - We knew our marriage was awesome but now have found deeper intimacy on all levels.
