Intro

E9 - G - A7 - D

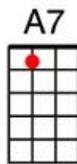

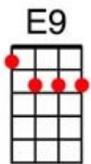

Chorus 1

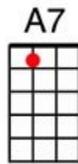

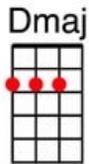

He's a Coconut Monkey, and he likes to get inebriated

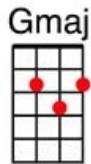

That's not the rhyme that you anticipated

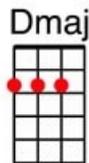

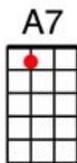

But drunky's just so cliché

He's a Coconut monkey, he's always on his favorite barstool

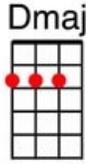

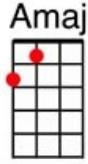

He's always crackin' wise and actin' a fool

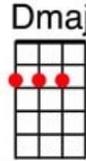

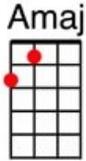

Putting coconut drinks away

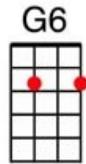

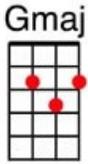

Verse 1

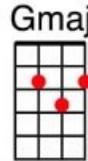

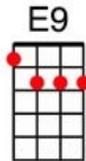

He goes to Madeleine, buys a Bahama Mama

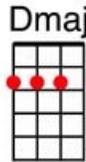

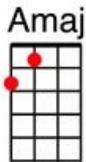

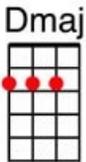

She cocks her head at him, and says, "Oooh, Monkey La La."

She says "Tie Me To The Bedpost."

He says "You'll have to ask The Dangerous Dave,

Cuz coconut cocktails is all I crave."

Chorus 2

He's a Coconut Monkey, and though he's looking kind of dissipated
Says life's more fun when you're lubricated,
And he's happy to point the way.
Yeah he's a Coconut Monkey, his habits keep him busy daily
Gets drunk and plays songs on his ukulele
All the Coconut Monkey day

Verse 2

He dreams a Bali Dream, with a Jamaican Sunset
He drinks an Irish Cream, with an Invisible Parrot
He says, "bring me a Fruit Basket,
Cuz I am going to spend A Day At The Beach
And coconut cocktails must be in reach."

Chorus 3

He's a Coconut Monkey, he likes to get all twitterpated
He thinks sobriety is overrated, and proves his point every day
Yeah he's a Coconut Monkey, he's always dressed up strictly old skool
He pounds the cocktails down and plays it real cool
It's the Coconut Monkey way.

Verse 3

He chats with Toucan Sam, has a Pina Colada
He doesn't give a damn, about whether he oughta
He shouts, "find me a Bushwhacker!,
And we'll track down a jug of Ol' Voodoo Juice
Drink coconut cocktails make no excuse."

(repeat Chorus 3)

Playing Tips & Notes

General Notes

Number 15 in my continually expanding series! Yeah!

This song was inspired by my Coconut Monkey fez from www.fez-orama.com. I took one look at him and just *knew* he was all effed up on *something*. Might as well be booze, eh? A quick query of webtender.com got me a **huge** list of cocktails featuring coconut and I was on my way!

This one is pretty simple and needs little in the way of playing tips. The most important thing to hit is the little ba-da-da-da ba-da da da strum before you go into the choruses.

That should be made clear by the audio and/or video.

If you make your own cover version, send me the link! I love to check out someone else's take on one of my tunes.

And if you like these efforts, please consider dropping a couple bucks into my online tip bucket.

Strum hearty!
