

To all Councillors

I am resigning as chairman of Bluntisham Parish Council & as a councillor forthwith.

During my tenure as chairman I have been aware that I have not had the support of the entire council &, latterly, the vice-chair. Although not naturally a quitter I feel it is in the interest of the council that I leave. I know that the clerk is not comfortable working with me. I have tried to instil discipline & follow correct procedure but have failed in this. In almost 10 years as a councillor I have always striven to do everything in the interests of the village. Therefore I believe it is in that same interest that I now go, effective immediately, & let someone else take the helm.

I wish you luck.

Margaret Lumb
