

SUDDEN CARDIAC ARREST CAN STRIKE ANYONE, AT ANYTIME, ANYWHERE.....

Parkhall Patient Participation Group
Invites You To A Health Information Presentation on:

Resuscitation and Use of the Defibrillator

Learn how to be confident using the lifesaving equipment in an emergency.

Presentation by **Austen White**

AT
PARKHALL SURGERY
SOMERSHAM
ON
THURSDAY 7TH JULY 2016
7.00PM

Effective CPR and the use of an automated external defibrillator will increase the chance of surviving a cardiac arrest.
