

# Violent immigrants accused of assault "laugh in court"

## -High Priestess Zildar Raasi

Many here have seen this story before, but the news on the reaction of the perpetrators as well as the sentence they received for this horrific crime is very "enlightening" regarding the current crisis in Europe.

Violent Muslim immigrants who led a vicious attack against a young Danish couple on December 24th reportedly laugh in court and swap 'high fives', as if congratulating each other on some big achievement, as they are being sentenced for their crime. Clearly they are very pleased with themselves and the court case is a joke to them. This is the sort of sick act that these men find enjoyable and highly entertaining.

*"There were both laughing and high fives when a group of young men today sat in the court, accused of a serious assault on Nanna Skovmand and Mads Schøllhammer on Christmas night. A few times during the reading of the indictment, the defendants broke out in laughter – partly when the details of the attack were read".*

Could this be the future of Europe??

This is what the quran tells its followers:

Quran (3:56) - "As to those who reject faith, **I will punish them with terrible agony in this world** and in the Hereafter, nor will they have anyone to help."

Quran (3:151) - "Soon shall We **cast terror into the hearts of the Unbelievers**, for that they joined companions with Allah, for which He had sent no authority".

Quran (8:12) - "I will cast terror into the hearts of those who disbelieve. Therefore **strike off their heads and strike off every fingertip of them**"

Quran (8:39) - "And fight with them until there is no more fitna (unbelief) and religion should be only for Allah"

Quran (9:5) - "So when the sacred months have passed away, then **slay the idolaters wherever you find them, and take them captive and besiege them and lie in wait for them in every ambush**, then if they repent and keep up prayer and pay the poor-rate, leave their way free to them."

And this is what the jews are flooding Europe with.

The immigrants who are apparently militant muslims from Somalia beat the young White couple with heavy chains and locks as they were making their way home after a family dinner. This was the state of the Woman's face and head following the attack:

## DENMARK GETS ENRICHED CULTURE

These brutal muslim savages were let off with basically a slap on the wrist, serving only 2 months in jail. An aggravated assault of this magnitude should carry a sentence of 5 years AT THE VERY LEAST and even then that would be extremely lenient, especially considering it was assault with a deadly weapon and could even be argued as an attempted murder.

What is the message? The lives of this young couple really don't matter that much to the jewish run government. And the lives of YOUR sisters, daughters, brothers, sons, cousins, parents, etc don't matter either.

The jews ask this of you- Let the Muslim savages have their way with your country and

your People. And don't forget, if you dare to speak up against these attackers, you are RACIST and the whole world will know it. They are innocent refugees. You owe them. Right? So if you don't mind, just turn a blind eye as they whip your neighbors through the face with chains, and don't make too much of a fuss when they rape your daughters and stab your sons in the backs with knives. It will just get in the way of the dream of a "utopian" multicultural Europe. While you're at it, just step out of your house, leave your keys in the door and move along so room can be made for even more of these violent jihadists. They need space to carry out the jewish agenda, after all.

We, as Satanists, need to fight this scum. Do not give up with the Rituals! Keep going, so that we can steer the future of our European People away from the horror the jews have in store.

We will not let them win this!
