

Along with your new hot tub you are entitled to all of these benefits

PEACE OF MIND G U A R A N T E E

“WE SELL IT, WE FIX IT” GUARANTEE

Aquapool Spas' **in-house factory-trained service technicians**, not an outsourced stranger, will perform all work from delivery to warranty cases on your hot tub according to the manufacturer's specific warranty conditions, including a **20-year spare part availability**.

ENERGY EFFICIENCY GUARANTEE

Our Energy Smart® HotSpring spas have been repeatedly tested by world-wide leading independent testing laboratory **TÜV** to verify that they are in fact the **most energy efficient** hot tubs on the market. We have the numbers to prove it (read more on the back page).

FREE SET-UP & CHECK UP GUARANTEE

All **set-up of our hot tubs are free**. We don't drop your hot tub outside your house – we set it up where you want it, show you how to operate and maintain it, and clean up after ourselves. Also a **free check-up** is included 4 months after installation. Electrical works not included.

MODEL-SWITCH GUARANTEE

If you decide to change your new hot tub within **30 days of installation**, Aquapool Spas will let you upgrade your hot tub for any other model. We'll switch them out at the same time for the difference in price plus a 10% restocking fee. Transportation costs not included.

MONEY-BACK GUARANTEE

Money-back guarantee means that if you change your mind about your new hot tub within **30 days of installation**, you can get back what you paid for it in it's "like new" condition, except for a 10% restocking fee. Transportation costs not included.

Our PERSONAL Guarantee

This *Peace of Mind Guarantee* is our personal promise to you. We know you are buying a hot tub to relax and we want you to enjoy it entirely. Bringing you the best in relaxation is our business, **your enjoyment is our number one goal**.

* Based on a medium-sized Highlife Collection spa set at 39°C used 6 times per week, 15 minutes with the jets on, 15 minutes with the jets off during each use. Testing conducted by an independent third party certified laboratory in a Controlled Environmental Chamber at multiple ambient temperatures using continuous Data Acquisition monitoring of watts, temperature and humidity, with all equipment rigorously calibrated to ensure data accuracy. Individual energy consumption will vary depending on water set temperature, actual consumer usage patterns, and actual environmental ambient conditions.

HEALTHIER FOR YOU. Healthier for the environment.

Our exclusive patented ACE Salt Water system uses a diamond electrode to break down water molecules to create 'active oxygen' - one of the world's most effective cleaners.

Unlike traditional chlorine water care, our ACE Salt Water system will extend the life of the water 2-3 times (12 / 18 months), this will save you time and money, while minimizing your environmental footprint.
