

BLUNTISHAM PARISH COUNCIL SOCIAL MEDIA AND ELECTRONIC COMMUNICATION POLICY

The use of digital and social media and electronic communication enables Bluntisham Parish Council to interact in a way that improves the communications both within the Parish Council and between the Parish Council and the people, businesses and agencies it works with and serves. The Parish Council has a website, a facebook page, twitter page and other social media platforms. It uses email to communicate. The Parish Council will always try to use the most effective channel for its communications. Over time the Parish Council may add to the channels of communication that it uses as it seeks to improve and expand the services it delivers. When these changes occur this Policy will be updated to reflect the new arrangements.

Our rules and expectation (to be posted on facebook site)

We promise that our Councillors will follow the code of conduct and any communications from the Parish Council will meet the following criteria:

- Not contain content that is knowingly unlawful, libellous, harassing, defamatory, abusive, threatening, harmful, obscene, profane, sexually oriented or racially offensive
- Not contain content knowingly copied from elsewhere, for which we do not own the copyright
- Information published will be broadly the same as the news items published on the main website, with the advantage that parishioners will be able to comment and discuss the postings
- Discussions on the Parish Council facebook page will be focussed mainly on information provision
- Not contain any personal information, other than necessary basic contact details
- If official council business it will be moderated by the council's nominated representatives
- Social media will not be used for the dissemination of any political advertising

Equally, we expect any communications to the Parish Council to meet the following criteria:

- Be civil, tasteful and relevant
- Not contain content that is unlawful, libellous, harassing, defamatory, abusive, threatening, harmful, obscene, profane, sexually oriented or racially offensive
- Not contain content copied from elsewhere, for which the enquirer does not own the copyright
- Not sending large volumes of the same message (also called "spamming")
- Not to contain anyone's personal information, other than necessary basic contact details

The Parish Council's response to any communications received not meeting the above criteria will be to either ignore, inform the sender of our policy or send a brief response as appropriate. This will be at the Council's discretion based on the message received, given our limited resources available. Any information posted using the social media channels not in line with the criteria will be removed as quickly as practically possible. Repeat offenders will be blocked from these communication channels.

Channels and responsibilities Parish Council Website

Where necessary, we may direct those contacting us to our website to see the required information, or we may forward their question to one of our Parish Councillors for consideration and response.

We may not respond to every comment we receive particularly if we are experiencing a heavy workload.

The Parish Council may, at its discretion, allow and enable approved local groups to have and maintain a presence on its website for the purpose of presenting information about the group's activities. The local group would be responsible for maintaining the content and ensuring that it meets the Parish Council's "rules and expectation" for the website. The Parish Council reserves the right to remove any or all of a local group's information from the website if it feels that content does not meet the Parish Council's "rules and expectation" for its website.

Where content on the website is maintained by a local group it should be clearly marked that such content is not the direct responsibility of the Parish Council.

Parish Council email

- The Clerk and village hall have their own council email addresses. These email accounts are monitored daily Monday – Friday, and we aim to respond to all questions as soon as we can. An "out of office" message is used when this isn't possible.
- The Clerk is responsible for dealing with email received and passing any onto the relevant member or external agency to action.
- All formal communications on behalf of the Council must come from the Clerk.
- Individual councillors are at liberty to communicate directly with Parishioners in relation to their own personal views, if appropriate, copy to the Clerk. NB any emails copied to the Clerk become official and will be subject to The Freedom of Information Act.

These procedures will ensure that a complete and proper record of all correspondence is kept.

SMS (Texting)

Members and the Clerk may use SMS as a convenient way to communicate at times. All are reminded that this policy also applies to such messages.

Internal communication and access to information within the Parish Council

The Parish Council is continually looking at ways to improve its working and the use of social media and electronic communications is a major factor in delivering improvement.

Parish Councillors are expected to abide by the "our rules and expectation" section in all their work on behalf of the Parish Council.

As more and more information becomes available "at the press of a button" it is vital that all information is treated sensitively and securely. Parish Councillors are expected to maintain an awareness of the confidentiality of all information that they have access to and not to share that information with anyone unless they are sure that it is reasonable to do so. Failure to properly observe confidentiality may be seen as a breach of the Parish Council's Code of Conduct and will be dealt with through its prescribed procedures. (At the extreme it may also involve a criminal investigation). Members should also be careful only to cc essential recipients on emails and to avoid the use of "reply all" option if at all possible.
