

**8-28\*-0**

**Guaranteed Analysis**

**Total Nitrogen (N).....8%**

1.60% Ammoniacal Nitrogen

6.40% Urea Nitrogen

**Total Phosphoric Acid (P<sub>2</sub>O<sub>5</sub>).....28%**

Derived from Anhydrous Ammonia, Urea, and Phosphorous Acid.

**GENERAL INFORMATION**

NUE P-3 is a mixture of nitrogen, with phosphorous acid.

NUE P-3 is designed for foliar applications of nitrogen as urea and ammonia, when phosphorous acid is desired.

**DIRECTIONS FOR USE**

**Mixing Directions** - Be sure spray tank is thoroughly cleaned, fill 1/2 full with clean water, add product and continue filling with agitation. Always add this product to tank before adding pesticides.

**Compatibility** - NUE P-3 is recommended to be applied with other NPK solutions like 3-18-18 and MKP. When tank mixing with trace minerals, be sure minerals are properly chelated.

**Applications** - NUE P-3 is recommended for foliar applications only.

\* Phosphorous acid products are for use as a supplemental fertilizer treatment.

\* Upon foliar application, the phosphite ions are taken up directly by the plant foliage and may undergo a degree of conversion to phosphate ions, or will be used directly by plants, as phosphite ions.

\* As a soil application to annual crops, a lesser response from the initial crop, with a corresponding superior response from succeeding crops, may be observed. In addition, placement close to seeds or root zones may be injurious to crops. The effect may be aggravated by a soil pH below 6.5.

**WARNING:** NUE P3 may LOWER the pH of the spray solutions. If desired, raise pH by adding NUE Cal-8. When tank mixing NUE P3 label directions.

**Dilution and Spray Volumes** - Always use enough water for uniform application and to prevent possible plant tissue damage to the intended crop from concentrated droplets.

**Containers** - Triple Rinse. Dispose of containers only in a manner approved by local and state authorities.

**SUGGESTED APPLICATIONS**

**Tree & Vine Crops (Foliar Application Only)**

**Apples, Cherries, Nectarines, Pears, Peaches & Plums:** 1-4 pints/acre at prebloom. Repeat every 30-90 days as needed.

**Grapes:** 1-4 pints/acre at first full leaf. Repeat every 30-90 days as needed.

**Raspberries, Blackberries & Blueberries:** 1-4 pints/acre prebloom. Repeat every 30-90 days as needed.

**Walnuts, Almonds & other nut crops:** 1-4 pints/acre prebloom. Repeat every 30-90 days as needed. 1-4 pints

post harvest, when needed.

**Field Crops (Foliar Application Only)**

**Alfalfa:** 1-4 pints/acre 1-2 weeks after each cutting.

**Cauliflower, Broccoli & other Brassica Varieties:** 1-4 pints/acre at second true leaf stage. Repeat 1-2 times every 10-20 days if needed.

**Beets, Carrots, Onions & Garlic:** 1-4 pints/acre when plants are established. Repeat 1-2 times every 10-20 days if needed.

**Legumes (Beans & Peas):** 1-4 pints/acre at bud stage prior to bloom. Repeat at 10-30 days as needed.

**Lettuce, Spinach & other Leafy Vegetables:** 1-4 pints/acre at second true leaf stage. Repeat 1-2 times every 10-20 days if needed.

**Melons, Cucumbers & other Cucurbits:** 1-4 pints/acre at second true leaf stage. Repeat 1-2 times every 10-20 days if needed.

**Potatoes:** 1-4 pints/acre at 4"-6" in height. Repeat 1-3 applications every 10-20 day intervals as needed.

**Strawberries:** 1-4 pints/acre after plants are established. Repeat 1-2 times in 10-30 day intervals as needed.

**Sugarbeets:** 1-4 pints/acre after thinning. Repeat 1-2 times in 10-30 day intervals as needed.

**Tomatoes & Peppers:** 1-4 pints/acre after plants are established. Repeat 1-2 times in 10-30 day intervals as needed.

**Wheat, Barley, Oats & Rice:** 1-4 pints/acre at 2-6 leaf stage. Repeat as needed.

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION - Harmful if Swallowed**

**Precautionary Statements:** Harmful if swallowed, inhaled or absorbed through skin. May cause eye and skin irritation. In case of contact, immediately flush eyes and/or wash skin with plenty of fresh water for at least 15 minutes.

Do not contaminate feed or food items.

Only apply this product on crops specified on this label. Use caution in application to assure coverage on intended treatment areas only.

**CONDITIONS OF SALE**

Seller and/or manufacturer warrants only that this product consists of the ingredients specified on this label. No one is hereby authorized to make any warranty and/or guarantee concerning the use of this product. Being that the use, timing, placement, rate, application and other conditions are beyond the control of the seller and/or manufacturer, the seller's and/or manufacturer's liability for handling, storage and use of this product is limited to replacement of product or refund of purchase price.
