

TEAM ROLES

FINAL DELIVERABLE

Making a video includes many tasks, which require the teamwork and each team member assuming responsibilities for some groups of tasks.

VIDEO

1 MIN OR MORE

- COMBINATION OF**
- LIVE FOOTAGE
 - RENDERED ELEMENTS
 - SOUND/MUSIC
 - 2D GRAPHICS
- ...

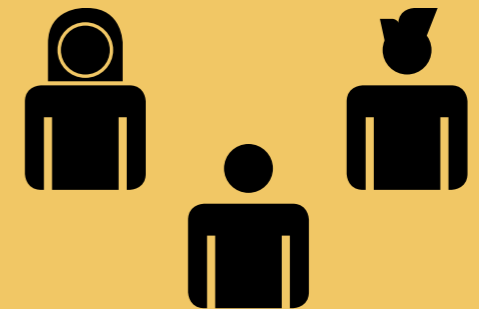

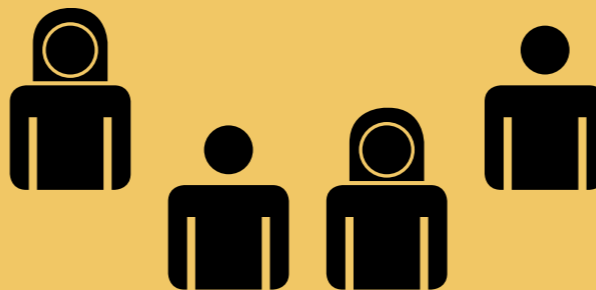

TEAM ROLES

PEER COLLABORATION

Each student will work with others who chose to work in the same media to learn together and **share knowledge**.

**EACH STUDENT WILL
COMBINE SOME OF
THE FOLLOWING TASKS:**

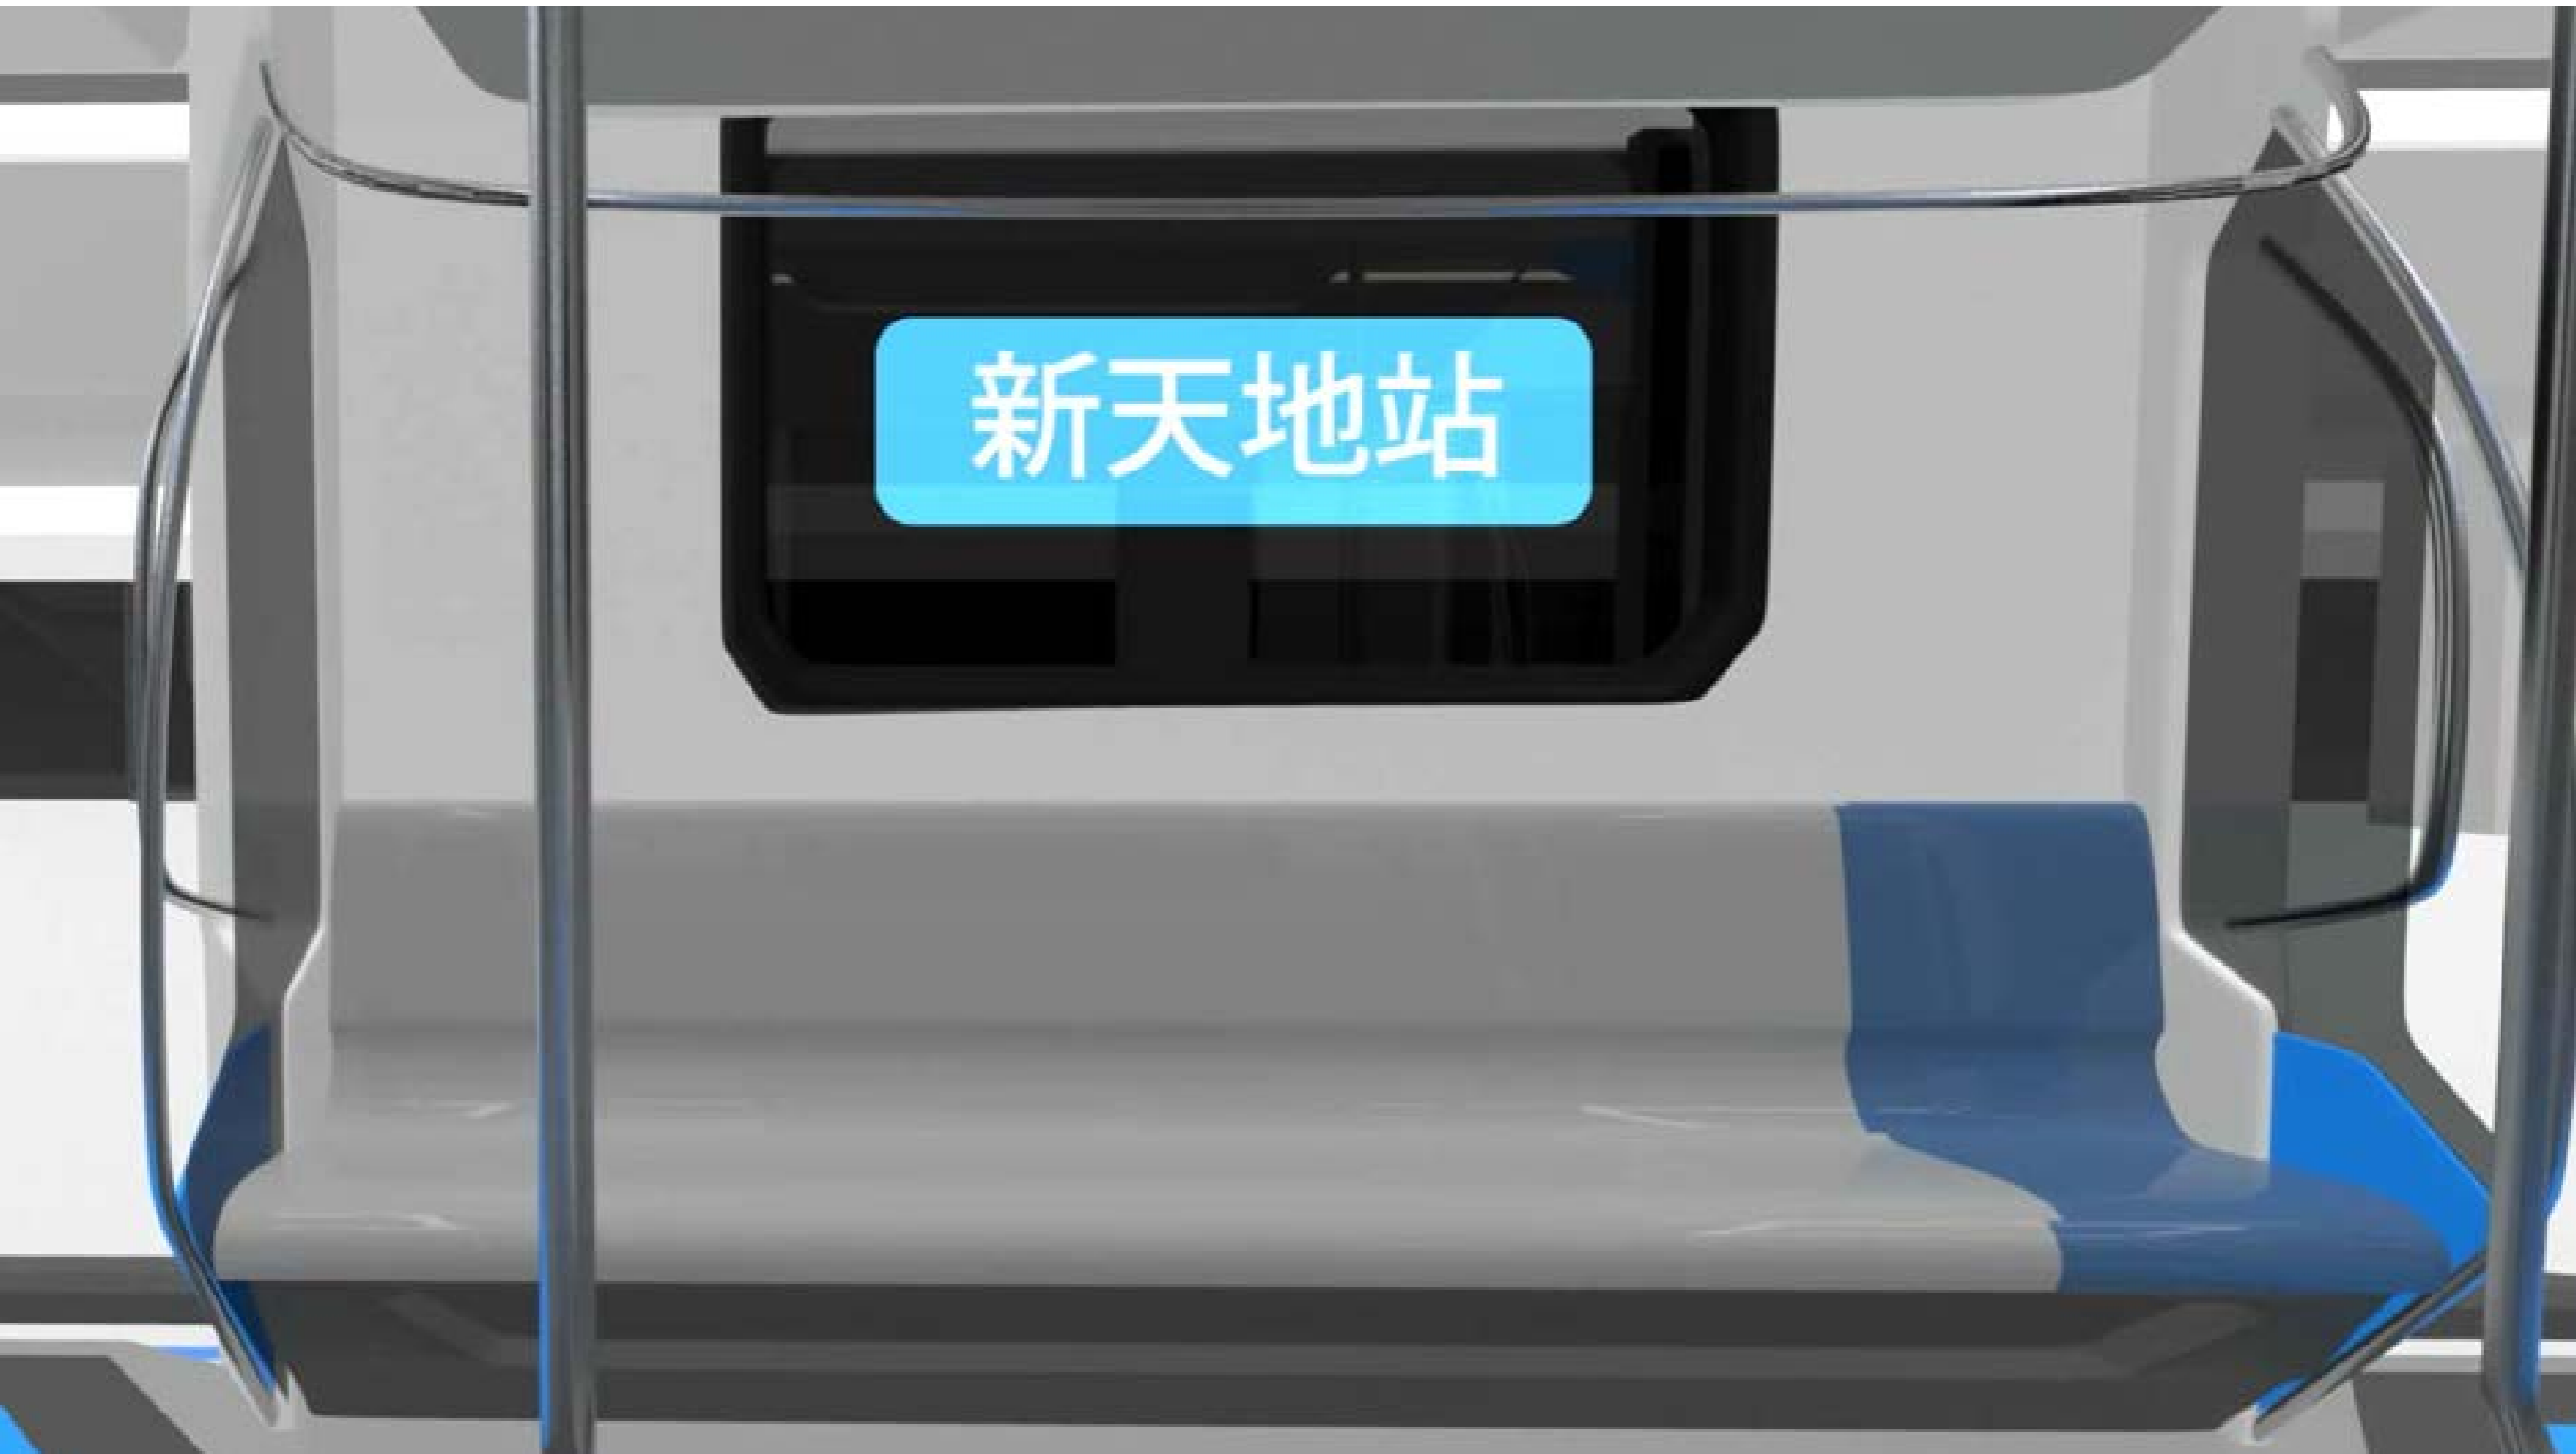

MODEL MAKER

- Produce a **physical object** by a combination of digital fabrication and manual techniques
- If object is being designed > make it in real scale
- If space is designed > make a scale model

DIGITAL MAKER

- Produce detailed **digital 3D models** of:
- **Object and/or spaces** that are designed
- Prepare materials and textures for these models.

ANIMATOR 2D OR 3D

2D: simulations of user interfaces (UI), augmented reality (AR) layers, diagrams, infographics.

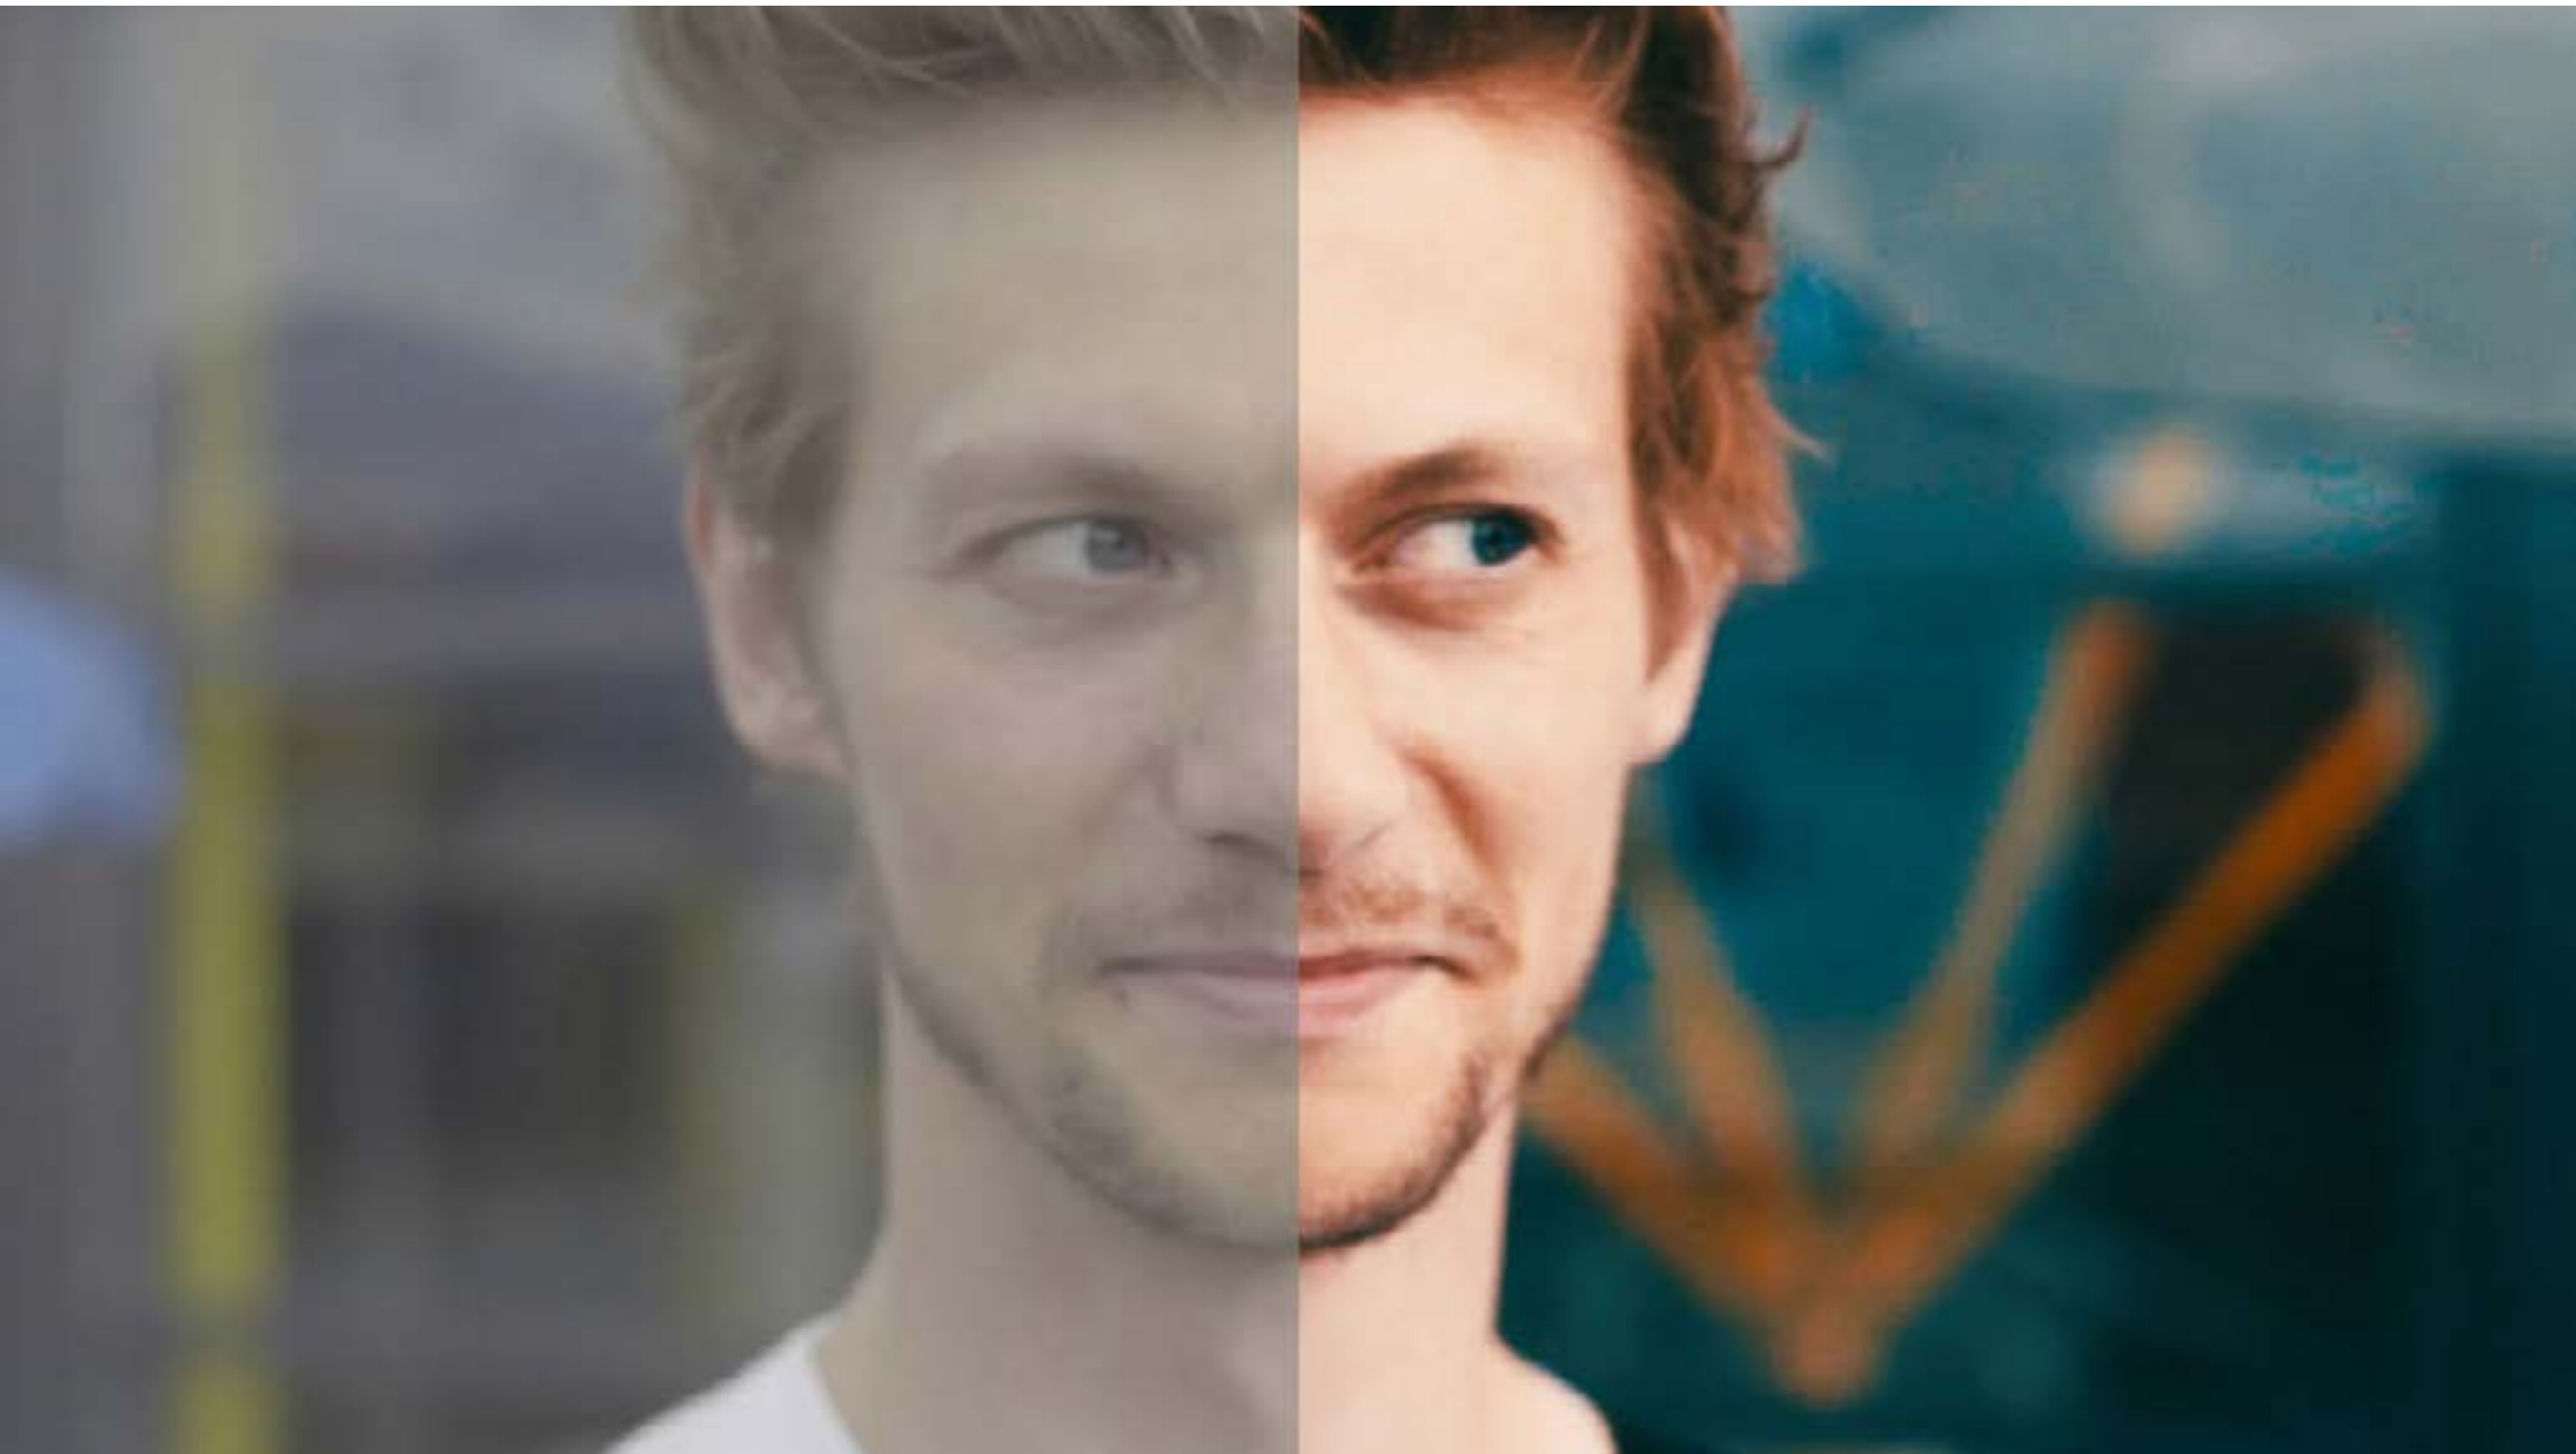

3D: movement of objects or cameras.

CINEMATOGRAPHER

REAL OR VIRTUAL

- Operates camera to **shoot photo and videos**
- Responsible for **technical and aesthetic** quality.
- Responsible for coloring and post production.

CINEMATOGRAPHER REAL OR VIRTUAL

- Operates camera to **shoot photo and videos**
- Responsible for **technical and aesthetic** quality.
- Responsible for coloring and post production.

SPECIAL EFFECTS

Various compositing and post-production tasks:

- Merging 2D animations with video footage
- Merging transparent (chroma) elements
- Additional effects (smoke, particles...)

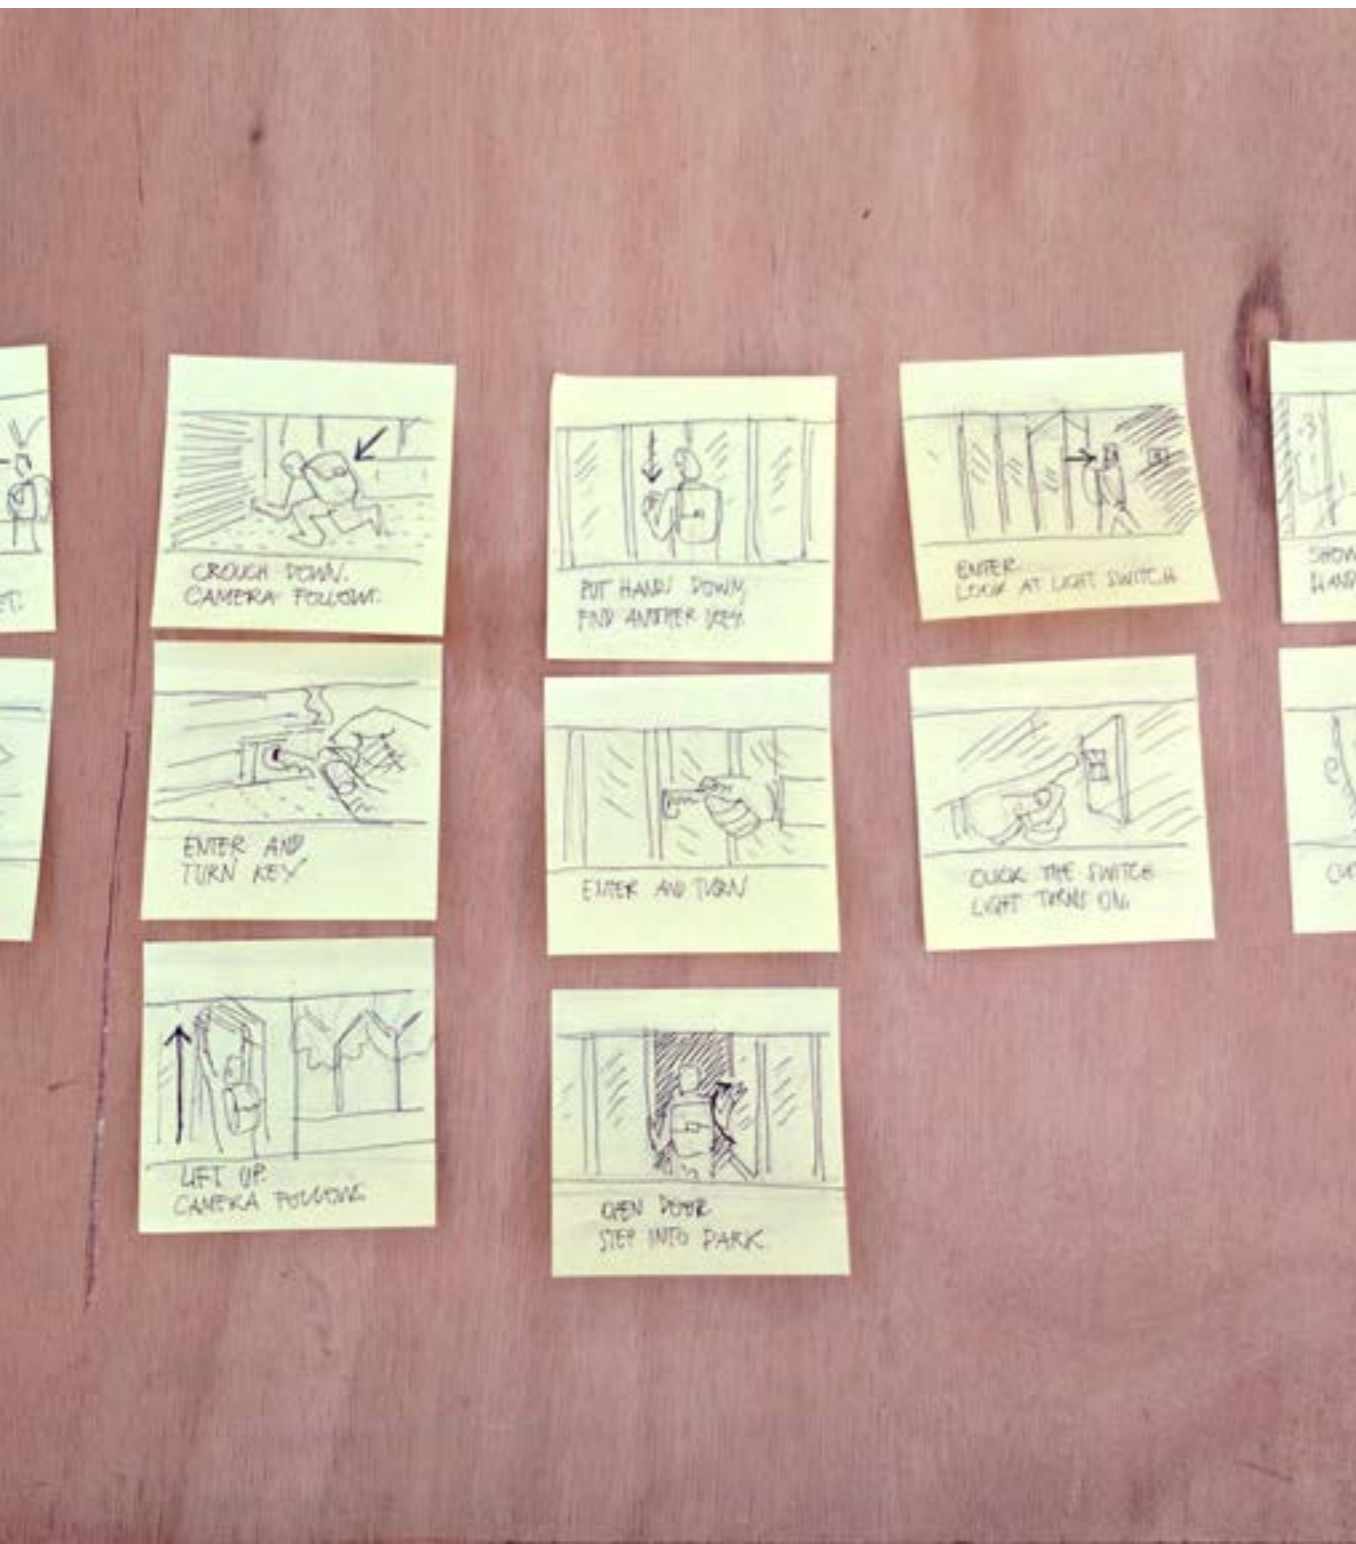

VISUAL DESIGNER

Defines the **visual identity** of the project, including logo, fonts, colors and overall art direction.

FILM MAKER

- Defines the story by making a **storyboard**
- **Edits the video** into the final piece (sound, too)

**TASKS CAN BE
COMBINED AND SPLIT**

COMBINING THE TASKS

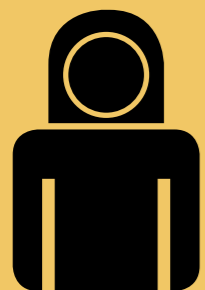

Each project will require different combination of skills, so the tasks will be combined accordingly

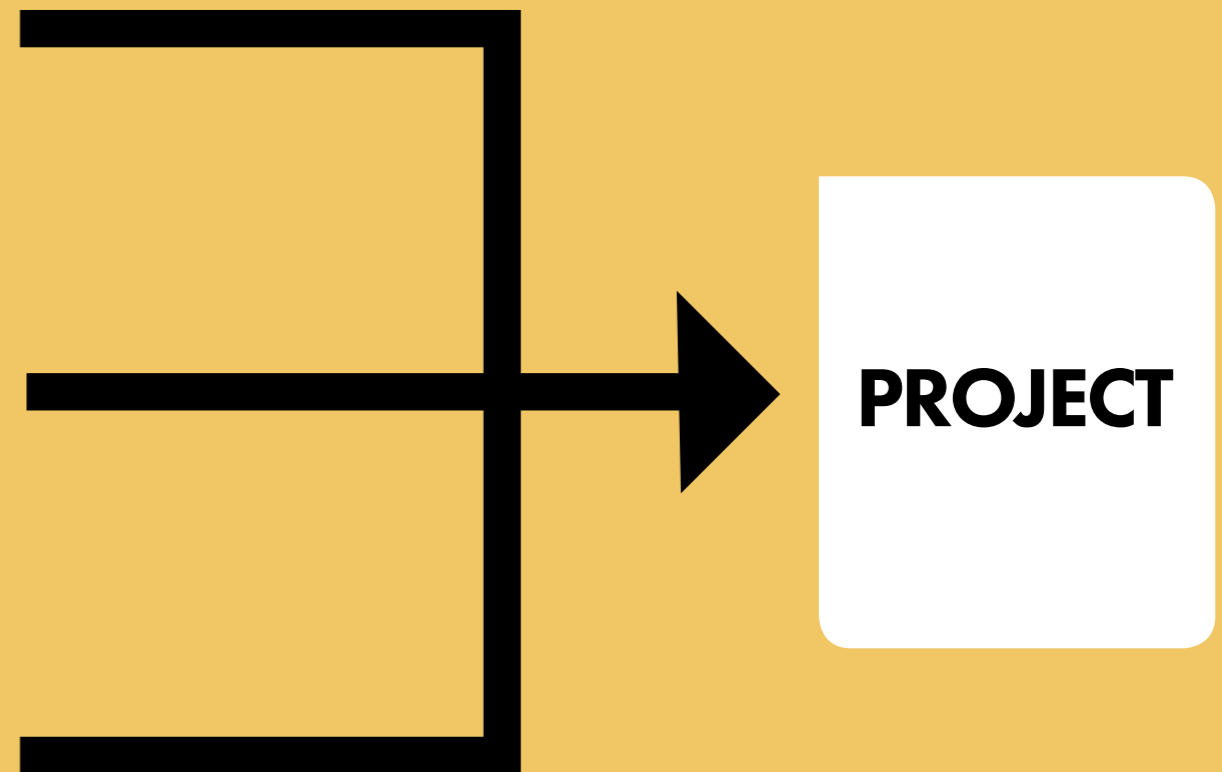

**3D MODELING
