Description about your club. - Our club meets one day a month for a general business meeting. We ride twice a month at Bibber Creek Stables (Sundays during the school year and Wednesdays during the summer). We have a very active horse club with learning opportunities, leveling instruction and fun rides (trailrides, Halloween costume parties). Our baking group not only improves their skills at each meeting (usually scheduled around the members' schedules) but does at least two community baking projects each year (i.e. - baking for soup kitchens during the holidays)
