I will say few things, or close to no things in this post. I will let the historical facts talk for themselves. So as the Truth cuts as the strongest blade amidst lies. And because I so much enjoy seeing the jews grovel over their thoughtform lies, to claim everything they have stolen as their "own" and even have the nerves to "DICTATE" about it.

"Demons are a jewish invention and jewish mysticism" attempted a Rat Rabbi in Israel to convince the Goy based on a hoax of his race, thousands of years ago. "Stay away at all costs, Goy" he also added. According to a jewish fable in regards to this, "Demons" were very evil creatures (well, to him, who was a jew of course, and not to the Gentiles to whom they were friendly and Gods).

IT was real...In their mind:

Without further due... Some of these can be found online, others came from arduous searching in physical libraries. However, here these are. This is not even 1% of the Truth one can find based on a centered research. I just use this as a note for those who want to look into the matter.

BEWARE: There are extreme corruptions in many texts as these were under the direct control, in translation, editing, or blatant corruption by the Vatican, Orthodox church, or the jews etc.

Below the self-revealing quotes on the matter.

Thomas Hobbes, the "Philosopher" of the 1600's, writes openly in his work, the infamous "Leviathan" [3]:

[Book IV, CH 45-46]

"Of Daemonology and other Reliques of the Religion of the GENTILES. [...] And by that means they feared them (the Demons, the 'heathens of old') as things of an unknown, that is, of an unlimited power to doe them good, or harme; and consequently. given the occasion of the Governours and the HEATHEN (my note GENTILE) Common-wealths to regulate this their fear, by establishing Deamonology (in which the poets, as Principall Priests aof the HEATHEN Religion, were specially employed or revered) to the Publique Peace, and to the obedience of Subjects necessary thereunto; and to make some of them GOOD Daemons, and others EVIL; the one as a spurre to the observance, the other, as reins to withhold them from violation of the laws. [...]

The Graecians, by their Colonies and Conquests, communicated their Language and Writtings into ASIA, EGYPT, and ITALY and therein, by necessary consequence their DAEMONOLOGY or (as St.Paul called it) their DOCTRINES OF THE DEVILS: and by that means, the contagion was derived also to the Jewes, both of Judea and Alexandria, and other parts, whereinto they were dispersed. But the name of Daemon they did not (the jews) (as the Grecians) attribute to Spirits both Good and Evil, but to the evil one: and to the Good Daemons they gave them name of the Spirit of God; and esteemed those who entered the bodies of their prophets (The jews)."

My note- in Greek there are "Agathodemones" (Noble, good, exalted Demons) and others who are "Kakodemones" (such as what we would call the nefarious enemy angels of the hebrew system) that seek to harm and enslave mankind. In christianity, the evil spirits became the 'good' (because they were good to the jews) and the evil spirits that allied with the jews and their abrahamic programs, were posing nowadays as 'good'. Our Pagan Gods were portrayed as being heinous monsters.

Catholic Encyclopedia: Devil Worship, <http://www.newadvent.org/cathen/04767a.htm>:

"In the same way the Greeks and Romans may have worshiped their divinities, fondly believing them to be good. But the Christian Scriptures declare that all the gods of the Gentiles."

The Writings of Porphyry (Vita Politini Ch.10):

"An Egyptian Priest came to Rome once and made acquaintance with Plotinus through a friend; the priest wanted to test his powers and suggested Plotinus to make the Demon that was born with him visible by conjuring. Plotinus gave a ready assent and conjuration took place in the Temple of Isis; because as it was, as it is told, the only 'pure' place the Egyptian could find in Rome. When the Demon was conjured to reveal itself, a God appeared who was not one of the Demons [the lower order of Gods was called Demons at this point]. And the Egyptian said to have called out : "Blessed are you because a God is by you as your Demon and not some demon of lower order!" But there was no opportunity to ask anything from the apparition or look at it longer; because a friend who was watching and holding birds in his hands to keep the purity of the place, squeezed them to death, be it out of envy or vague fear."

Plotinus, "On Love" (6, 9):

"Now we speak and think of the race of Gods as without affections or passions, but we attribute affections and passions to the Demons; we say they are eternal next after the Gods, but more inclining towards us, between the Gods [Higher 'order Demons] and our Race."

Later on the same book:

"But it is better not to call any being in the intelligible world a Demon, but even if there is an idea of a Demon, we should call it a GOD." [My note DEMONS ARE THE GODS OF THE GENTILES - They have their orders in ranking, evolution, and power, like humans do. Satan and many other Gods are in the top of the hierarchy, others are evolving but are lower.]

In another of his books Plotinus writes, "On difficulties about the Soul":

"There is nothing absurd in the Demons and spirits using their voice in air space, they are after all, living creatures of a particular kind. [...] Demons and Gods are beautiful, Demons cannot witness magick procedures with indifference, they can employ magick themselves, and they take their revenge (books IV, 4.43, 4.30, 8.5)"

In The London encyclopedia: or, Universal dictionary of science, art ..., Volume 7, Plutarch Writes:

"[...] According to a divine nature and justice, the souls of virtuous men are advanced to the rank of daemons; and that from demons, if they are properly purified, they are exalted into gods, not by any political institution, but according to right reason."

Hesiod openly claims the people of the Golden Age became "Demons", Hesiod: Works And Days, translated by Hugh G. Evelyn-White:

"(Il. 109-120) First of all the deathless gods who dwell on Olympus made a golden race of mortal men who lived in the time of Cronos when he was reigning in heaven. And they lived like gods without sorrow of heart, remote and free from toil and grief: miserable age rested not on them, but with legs and arms never failing they made merry with feasting beyond the reach of all evils. When they died, it was as though they were overcome with sleep, and they had all good things; for the fruitful earth unforced bare them fruit abundantly and without stint. They dwelt in ease and peace upon their lands with many good things, rich in flocks and loved by the blessed gods.

(Il. 121-139) But after earth had covered this generation -- they are called pure spirits dwelling on the earth, and are kindly, delivering from harm, and guardians of mortal men; for they roam everywhere over the earth, clothed in mist and keep watch on judgements and cruel deeds, givers of wealth; for this royal right also they received; "

Again from the "The London encyclopedia: or, Universal dictionary of science, art ..., Volume 7"

"Much has been said about the Demon of Socrates; who dictated to the world that a friendly

spirit, whom he called his Demon, directed him to act on every important occasion in his life, and restrained him from impudence of conduct."

In regards to why the jews are pedophiles, rapists, that call other people "Goyim" (animals in Hebrew, projecting what they are onto their enemies as ALWAYS), are masters of lying, organ trafficking, all sorts of disgusting and deplorable, criminal actions. This should also answer all of you why the Vatican, the most "Holy" is a hotbed of rape, destruction, warmongering, race mixing, and all sorts of other abominations on earth...Read below:

From "De Ente Spirituality", by "Franz Hartmann":

Paracelsus writes: "A healthy and pure person cannot become obsessed by them, because such Larvæ can only act upon men if the later make room for them in their minds. A healthy mind is a castle that cannot be invaded without the will of its master; but if they are allowed to enter, they excite the passions of men and women, they create cravings in them, they produce bad thoughts which act injuriously upon the brain; they sharpen the animal intellect and suffocate the moral sense. Evil spirits obsess only those human beings in whom the animal nature is predominating. Minds that are illuminated by the spirit of truth cannot be possessed; only those who are habitually guided by their own lower impulses may become subjected to their influences."
