

MQA Training Requirements – 4-H members enrolled in market and/or breeding livestock projects who are ages eight to 14, or a first year 4-H member, must attend a Meat Quality Assurance (MQA) program.

This means that a 4-H member who attends the program as a junior must attend the program again when he/she becomes a senior member.

All swine project members need an annual Pork Quality Assurance class or test out for 3 years.

4-H members will be required to attend MQA training twice during the course of their 4-H career – once as a junior and again as a senior.
