

Change Your Google Classroom Image With Google Drawing

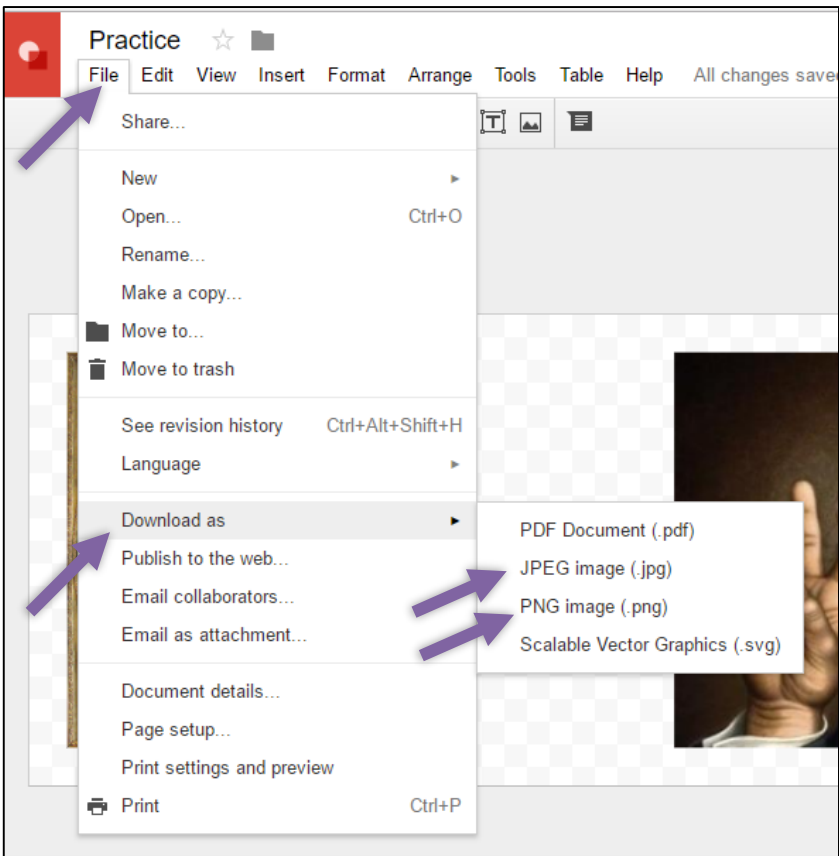

1. From your Drive, → select “New.” → Select “More,” and open Google Drawings.

2. → Go to “File,” and → select “Page Setup.”

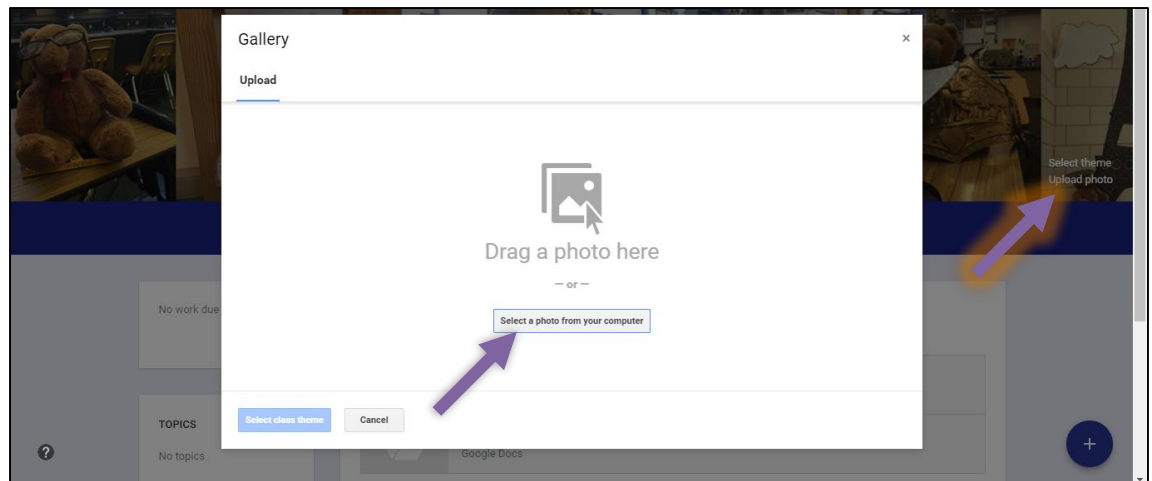

3. A popup box will appear. → Select “Custom.” It defaults to inches, but you can → change it to pixels if you’d prefer. → Either change it to 8.333 x 2.0833 inches or 800 x 200 pixels. → Select “OK.”

4. ➡ Add images from your computer or your Drive by clicking on the image icon.

5. When your image looks like you want it to, ➡ go to "file." ➡ Click on "Download As," and ➡ either save it as a JPEG or a PNG to your computer or your Drive.

Your Drawing is now an image that is ready to be loaded onto Google Classroom!

6. Go to your Google Classroom. At the top of your class, ➡ select "Upload Photo."

7. Save it, and you will have a customized theme!
