

The Next Level of Collaboration

WebXpress KARTtrack

India's first Mult-LSP Connector now just a few clicks away

Instant Plug n Play

In 5 minutes you are integrated with major LSPs in the country

1Window Tracking

Analyse undelivered consignment and their age with TAT

All under one roof

Get tracking of all your orders from minute one not day one

Bulk Uploads

Add orders to KartTrack to auto follow-up with your delivery partner

Pay as you go

Don't discount on technology—subscribe to it. Pay per order.

COD Remittance

XpressReco API does all the tracking and follow-up of COD

Cloud History

Auto-save all activities from day one to the cloud

Customer Portal

Tracking service to end customers using a bundled Plugin

SMS Integration

Order tracking via SMS with auto-revert actions

Your business is pointing towards the sky. Leave the ground work to us.

LogiKart

Solution by WebXpress

Check out the all new medium of transport planning and execution.

WebXpress LogiKart is the only multi-utility wagon to manage e-commerce deliveries.

LogiKart manages everything from pick-ups to deliveries to even cash management.

It intuitively handles reverse logistics and instant returns and is integrated with mobility.

Want to deliver your orders on your own? Visit: webxpress.in/logikart

WebXpress KARTtrack is India's First Multi-LSP Connector.

Links e-commerce companies to all their LSPs using a unified electronic medium for easy tracking. It is a Cloud-based app to keep you in sync with multiple vendors who function at the same time. KartTrack comes with a simple Plug n' Play architecture and an easy to afford Subscription model.

your LSPs

Get going
instantly

Get going is as easy as 1-2-3-4

Log on to karttrack.in today and register. Once you are set up, you are good to go from minute one.

Why do you need KARTtrack?

Visibility and Tracking is key for success in the industry of high service expectations

Many e-com companies would want to talk to many LSPs that they share in common

Issues such as COD, Billing and Freight Audit are very difficult to deal with manually

WebXpress

Visibility for supply chains

Welcome to the world of WebXpress brought to you by ECFY Consulting Pvt. Ltd.

With over a decade of depth in the logistics industry we know what makes movers move.

Our solutions cater to all sub-domains be it movement, storage, or planning.
