- Where to get API key and API secret

- 1) Make your way to “moceanapi.com”
- 2) Register an account
- 3) Login to the registered account
- 4) In dashboard tab, you should be able to see both your **API Key** and **API Secret** under the credentials section

Credential

You will use the following credentials to authorize API actions.

Key 3b0b241a	Secret 
------------------------	--

[Go to API Setting](#)

- Installing MoceanAPI in the plugin

1) Go to “OTP Easy Login” settings in the wordpress admin interface

2) Under “Phone” tab, select “Mocean” as your phone operator

3) Click on “Download” to download all of the MoceanAPI files automatically (**REQUIRED**)

4) Wait until the message “Downloaded Successfully” shows and you are done installing MoceanAPI.

- Enter your Mocean API Key and API Secret

- 1) Referring from previous instruction, you should have been able to get your API Key and API Secret from <https://dashboard.moceanapi.com/>
- 2) Select the “Services” tab now

The screenshot shows the 'Mocean Settings' form. At the top, there are three tabs: 'Phone', 'Services', and 'Check Balance Tab'. The 'Services' tab is selected. Below the tabs, the form has a dark header with the text 'Mocean Settings'. The form contains three input fields: 'API key', 'API Secret', and 'Sent from'. A blue 'Save Settings' button is located at the bottom left of the form.

- 3) Enter your **API Key** and **API Secret** in the designated fields.
- 4) All of the fields above need to be filled up including the “**Sent from**” field
- 5) You can put any alphanumerical characters in the “Sent from” field for example:

The screenshot shows the 'Mocean Settings' form, similar to the previous one. The 'Sent from' input field is now filled with the text 'Mocean' and is highlighted with a red rectangular border. The 'API key' and 'API Secret' fields remain empty. The 'Save Settings' button is still present at the bottom left.

- 6) Click “**Save Settings**” after filling all of the fields above.
- 7) **You are basically done with the configuration with MoceanAPI, you can go through the rest of the settings now and configure it to your liking.**

- How it should look like in the WooCommerce “MyAccount” page when you are logged in.

1) There should be a new field called “Phone” appearing under your Account Details page

- How it should look like in the WooCommerce “MyAccount” page when you are signed out.
