ABOUT US

Vilasaahuta is made up of a small team of four friends and we opened our first resort, Agonda White Sand in 2010. Within 3 years we were No.1 on Tripadvisor who also voted Agonda Beach the best beach in India. As a result of our success, we have opened 3 more resorts on Agonda Beach and our newest addition in Cabo de Rama. All are built to the highest standards out of local materials to blend into the surrounding environment.

We are all personally involved in all our resorts and through talking with our guests and travelling to other exotic locations, we continually find ways to improve our resorts and service.

Our staff team offers true hospitality, as we support and encourage them to show their personality when communicating with guests and use their initiative to offer a personal service.

AGONDA WHITE SAND

Our cottages, located towards the northern end of Agonda Beach are set amidst a lush coconut grove and as you step out of Agonda White Sand, you are directly on Agonda beach. All of our cottages are identical in size and design, with a bedroom, front veranda and an attached bathroom which is semi open-air. Most of our cottages have a garden view and two are sea facing. We have shaded restaurant seating and sun loungers looking onto the beach. Agonda White Sand Restaurant and Bar offers you authentic Indian and European food and beverages. The perfect place to unwind watching the sun set over the Arabian sea whilst sipping a gorgeous cocktail!

OUR OTHER RESORTS

As you will see from our resort websites, our cottages are all built using natural materials and local traditional building styles to the highest standard. The beautiful open-air bathrooms are all tiled and have hot water. You will also find high quality sprung mattresses, mosquito nets and bathroom and beach towels. The cottages are all of a similar standard and design, only the size and layout is a little different. All our resorts (except Agonda Villas) have restaurants and bars.

The cottages at Agonda Villas and The Cape Goa are spacious and are all directly sea-facing with private sun-loungers. Breakfast is complimentary. There is also an Ayurvedic centre situated at Agonda Villas called Bio Veda Agonda.
