## How to Play

This is a Christmas carol game that involves friends. You will choose two students. Those two students will be allowed to choose three of their friends who will be their caroler. Those two students are facing off against each other to see who can guess that Christmas carol by only reading a few lines. Once the person guesses correctly they will receive one point. If their carolers can sing a few lines of the song then that person will receive an extra point. The person with the most points at the end of the game is the winner.

### *Pro Tip:*

Have Christmas decorations up and ready to go. Put your students in the mood by giving the carolers costumes like they are caroling on a cold winter night.
