## The Sacred Triangle and Messianic Light

Juliano, channeled by David K. Miller

Greetings, I am Juliano. We are the Arcturians.

The image of the Sacred Triangle is a tool for creating a space for the messianic light. I present to you the Sacred Triangle as a container, as a vessel, to help hold the new energies that are coming to this planet. These new energies are necessary to create a new paradigm for the functioning of this planet. Let me quickly review the Sacred Triangle and let you know how this triangle energy is capable of holding the light for divine quantum intervention on the Earth. You see a representation of Jesus/Sananda in the Sacred Triangle. This represents a place for all of the great prophets, all of the great spiritual leaders who have been on this planet including Moses, Mohammed, Lao-Tze, the Buddha, and many other prophets and many other great teachers who understand the special sacredness of Earth and the mission of this planet. I refer to this section as carrying the energy of the White Brotherhood and White Sisterhood, which includes the angelic presence and the higher ascended masters. All the great teachers who have come to this planet have taught the ascension and moving to the Garden of Eden, moving to the world to come, to the Fifth Dimension.

## Featured GOF Members of the Month

Hans-Jürgen Karlstein Mainhardt and Elisabeth Mainhardt are the members of the month for May. They live in Karlstein, Germany.

For many years they have been coordinators of the PCOL of Karlstein, Germany. We thank them for their dedicated service. They both attended the GOF workshop in Bregenz, Germany.

Hans can be reached at:

Elisabeth can be reached at:

Thank you both for your years of dedicated service to planetary healing and the Group of Forty project.

## Starseeds Counselling

I am **Gudrun Miller** and I have been a professional counselor for over 30 years.

Dear Gudrun,

I despair of ever getting my emotions in balance. I have attended counseling and attend Al Anon groups and really understand the value and importance of taking charge of my emotions instead of them taking charge of me.

Recently I was with a group of friends and one of the women in the group was reacting to the death of a loved one in her family. I offered her my sympathy and questioned her about the relationship. She in a rude way stated that she did not want to talk about it. I blurted that she didn't have to be rude! She then stormed out.

The second part of the Sacred Triangle is represented by the peace pipe, from the Native American, North American, and indigenous first nation peoples. This is also holding a special place for the messianic light. It is holding a special place for the peace, for all brothers and sisters, peace for everyone, in this very dangerous moment on this planet, when there are so many wars, when there are so many threats. It is time that everyone recognizes that everyone works for and visualizes a peace. The first nation peoples refer to the Mother Earth. We honor their ability, their special skill in interacting with the spirit of Earth, and we all want to improve our skill level of interacting with Earth.

So then we go to the third part of the Sacred Triangle, which is representative of Galactic Spirituality. We are creating an awareness and an expansion of the Earth as a member of the Galactic Planetary System. This galaxy is huge and there are other planets besides the Earth that have higher life forms. Our recent estimate is five thousand other planets. There is a spirituality based on the galaxy. The galaxy is holding life forms throughout the entire space, throughout the entire systems. This is not the only solar system. This is not the only living planet. This is not the only inhabitable planet. And many of these other planets have higher beings who have ascended, who have brought their planetary systems into higher light, who have gone and integrated the spiritual wisdom necessary to move their planet to higher functioning. To complete the sacred triangle, we acknowledge the role of the Ascended Extra Dimensional Masters.

We are working to prepare the whole planet for a quantum, messianic healing, and an intervention that will bring this planet into the next level. This image of the sacred triangle needs to be in your mind, in your hearts, in the Noosphere. We must all work together to bring this unity represented by this triangle. When people recognize all three and work to integrate all three, they are ready and open to the Fifth Dimension.

I am Juliano. Good day.

## Summary of GOF Workshop Held in Bregenz, Austria

A three-day intensive GOF workshop was held in Bregenz, Austria, on April 21st- April 23rd. The theme of the conference was Expanded Consciousness, led by GOF Co-Founders David K. and Gudrun R. Miller.

A total of 30 people attended the workshop, including GOF members from Switzerland, Germany, England and Sweden. The workshop was conducted in English with simultaneous German translation. A Saturday night banquet was held at the hotel and was attended by most of the participants.

I knew that I was not responsible for her behavior but for mine and quickly went out and made amends to her, stating that I shouldn't have jumped on her! Then I went inside and cried. I feel so embarrassed that I cannot yet manage to control my behavior! I want to be in balance for the ascension but fear I am falling short.

How can I act in a better way and not let my emotions control me?

Thanks, M

Dear M.

You stated you are in Al Anon so I assume you have had dysfunction in your family. You learned to try to control others in order to survive. If you could take care of the family, then you would be safe.

I applaud your awareness of your own process. It shows that you have done a lot of work on yourself. It took courage to make amends when you knew you were out of line! You then had a release of emotion, which is also part of healing. I imagine that you have held back your own emotions and tears.

When breaking out of old behavior patterns based on survival in a dysfunctional system, you will be uncomfortable and may feel out of control.

What you are developing is the new Self-based on healthy ways of interacting with others and with yourself. You are in transition and that often can be unsettling. Your old way of being does not work and the new way is not totally in place yet. This can be a painful and frustrating time.

Be patient and kind to yourself and know that you are making good progress. Often feeling more

Special thanks to Katharina Alpert for organizing the workshop and making all of the hotel arrangements.

12 hours of audio tapes of the lectures with simultaneous German translations are available in MP3 format for 40 dollars. Send requests to [davidmiller@groupofforty.com](mailto:davidmiller@groupofforty.com).

Payments can be made using PayPal. All files will be sent via the Internet through wetransfer.com.

We have added a new feature to our PCOL monthly meetings. Now we are having each PCOL have the opportunity to make a presentation of their own PCOL to all members. The idea is to have all GOF members learn more about each city of light around the world. This month Jane and her team from Australia made a beautiful presentation on the city of light called The Gold Coast. We all enjoyed her great pictures of the area and detailed presentation. Next month Pepe and Purvesh will be presenting PCOL presentations from their cities of light in

## PCOL Reports from Around the World

### From New Zealand - the Land of the Long White Cloud

The north cardinal point for our East Auckland Planetary City and Ocean Reserve of Light is Musick Point. The Esplanade Reserve is an 8.7 hectare (21.498 acres) Natural Heritage Memorial Reserve encompassing a narrow band of steep coastal cliffs dominated by mature Pohutukawa known as the New Zealand Christmas tree. The point provides spectacular views from some of the best-preserved Pohutukawa Cliffs remaining in Auckland.

Located beyond Bucklands Beach on the peninsula at the end of the Tamaki River, Musick Point looks out towards Rangitoto Island and Browns Island.

This amazing peninsula has an intriguing history. The mass of rolling hills, now home to a world-class golf course, was once known as Te Naupata. It bore a fortified pa (fortified settlement) by the name of Te Waiarohia. It was a Maori stronghold until 1821 when a battle took place for its ownership. Now owned by the Crown, two tribes still claim ancient ownership of this peninsula.

At the very tip of this crocodile-shaped headland, at the cliff's edge overlooking the water, is buried one of the beautiful crystals of East Auckland's PCOL/PORL.

The Council of Elders has had one meeting in May. We have added one new member, Michael Davis. Michael has been a GOF member for over two years and he lives in Prescott, Arizona. He was a presenter at the Spring workshop and he will be a presenter at the Fall workshop as well. The Council of Elders continues to reach out to other spiritual groups, and this month we have received two positive responses and interactions with other international spiritual groups who want to work together with the GOF. More updates on this to follow soon. The Council of Elders held one online webinar on Alignment of the Four Bodies. We had over 35 people attend the webinar

When the Ocean Reserve was activated in 2016, Juliano said, "With the wonderful protective field and attracting Fifth Dimensional energy, all who come around the bay will feel this force field of Fifth Dimensional light in the Port Phillip Bay Planetary Reserve of Light. This bay is emanating a purity and great primitive light that is of the core Life Force energy that has made this planet beautiful in all ways." ## Spiritual Exercises

### How do you get direct access to your DNA?

You get direct access to your DNA codes by placing the letters, 'DNA' on the screen of your mind intent. Hold that image of DNA. As you do so, pull those letters into your forehead and into the deeper inner recesses of you mind.

Ladder of Ascension at Tomaree Head in New South Wales.

The climb was a challenge for a few of us even though the path is well paved and the steps well made. We met lots of people either going up or coming down, some extremely fit young people and some a bit more mature in years, so we did not feel left out. The higher we climbed the more stunning the views.

When we finally made it to the top, Rebecca Gresham told us a story from the elders of the area. The two hills Tomaree and Stephen's Peak are the head of the Rainbow Serpent, so this place has a strong connection to Grose Valley crystal and Uluru. There is a crystal in the heart of the hill and a special rock on the hill that is connected to the crystal where the women do their secret ceremony.

We spotted the rock on the way up, and there was no mistaking what it was (see picture attached). After our meditation, Rebecca anointed the rock with sea water (see picture) as part of the ritual.

Rebecca also told the story of the two hills. Tomaree is female where women do their secret business and Stephen's Peak next to it is male, where the men do their secret business. There was a link between the two. Apparently while the men were doing their ritual something happened and the link between the two hills was broken.

Go into a deeper tunnel within your structural energy. Go even deeper through the layers of the unconscious. Go deeper still, into your inner "computer."

When you arrive there, you have a connection with Fifth Dimensional energy from the Crystal. This force has brought you into a deep recess, allowing access to your DNA. When you are inside this powerful entry point in your energy field feel an acceleration spiral of light. The DNA becomes a spiraling energy force, a spiral core. This spiral core becomes circular.

This circular energy opens up your mental, physical, emotional and spiritual bodies to the fifth dimension. It allows your Fifth Dimensional connections to be received, assimilated and activated at the deepest level.

You can now gain the powers of the ascended masters, who have direct access to all Fifth Dimensional powers, energies and light.

You are healing sources. You are Starseeds who, with your Fifth Dimension unlocking, will become important players in the transformation of Earth.
