Essential Personnel Cambodia Newsletter

August– December 2017

Director's Message

Welcome to our August– December 2017 Essential News.

For the last few months before the year end 2017, Essential Personnel Cambodia has worked harder to ensure that the entire projects are completed according the planning. One of the projects is to keep the social enterprise business self- independence, however it is very hard journey but we have done it fairly well. Prarned Khmer is a new name of the social enterprise that Essential Personnel Cambodia has been running. The new logo is well presented to the public now and this logo will be placed publicly in every shop of our Prarned Khmer Social Enterprise early 2018 onward. Our congratulation to this innovative project. Remarkably our Prarned Khmer Social Enterprise has provided many job opportunities and skills to many job seekers as well as to earn incomes which will make the project independence. We expect to earn an amount of 50 % incomes of the total budget by 2018, and to earn an amount of 75 % incomes of the total budget by 2019.

Our sincere thanks to our wonderful donors, Relevant government ministries, Board of Directors of Essential Personnel Cambodia, Management staff and to everyone, friends and supporters of Essential Personnel Cambodia who have done great support and jobs for us. Without your support we could not make our projects possible. Thanks for your important support and close collaboration.

We hope you enjoy reading our Essential News.
Sincerely yours and fond regards.
Nimul Ouch

"Our thanks to our new donor Light For The World (LFTW) to be our project Partner for Inclusive Employment Project 2017– 2020.

We look forward to our fruitful cooperation within our partnership."

DISABILITY INCLUSION LAB

Support youth with disabilities (YwDs) to labour market 2017

Our great thanks to Caritas Czech Republic who has chosen Essential Personnel Cambodia to work in partnership on the project to support people with disabilities to enter the labor market. Our goal is reached now.

Essential Personnel Cambodia assessed 200 youths with disabilities to his following program to provide them skill training such as laundry, mobile phone repair, graphic design and printing training courses within Siem Reap, Kampot, and Phnom Penh.

There have been 84 youths with disabilities got trained whom 36 are women. Among 84 of them, there are 38 of them got jobs.

15 students with disabilities in Kandal and 18 students in Kompong Speu receive our education support year 2017

Essential Personnel Cambodia provides support to 33 young people with disabilities to gain access to secondary education by integrating them into public schools in their community. The support is including school materials, assistive devices, wheelchairs etc.)

AND other 15 university students with disabilities received our support year 2017

our youth with disabilities at the training class

Stakeholder Meeting

Our office also conducted the stakeholder meeting which is one of the first activities that supported by Light for the World. The meeting is intended to gather support and buy in from key stakeholders such as the National Employment Agency, CDPO, key government counterparts and job seekers themselves to help our team further shape this intervention in searching for solution and a shared vision to support job seekers with disabilities into the labour open market.

Job Seekers

Our office is continued to provide counselling for young people with disabilities as job seekers to find employment in 2017. Youth with Disability Job Club forum was also established to provide our job seekers for meeting and discussion to guidance them to share the experiences among the youth with disabilities how to get job opportunities.

Other 36 job seekers whom 20 are women with disabilities received our service in 2017. Among those people, only 20 of them got jobs.

30 privates companies and employers are good friends to Essential Personnel Cambodia, and they cooperated with us by accepting our job seekers to get employment.

Our Office has also conducted personal development training sessions, small business management trainings to our young people with disabilities. Our aims to provide these trainings to our young people are to equip them with these specific skills so that they could either look for jobs or setting their small business at their communities.

At last Job Coaching service is available at our office in 2018. The project works to support young persons with disabilities to access job coaching, counselling, and training to enable and equip them to secure employment.
