

# Petrol System Cleaner

Formulated to clean fuel system in one application, significantly reducing combustion chamber, intake valve and fuel injector deposits.

## Application

Improves fuel consumption, improves power and reduces emissions. Gives rust and corrosion protection and has good water removal characteristics. Cannot be overdosed.

## Physical Characteristics

Appearance	Light yellow
Odour	Slight amine
Flash point	74° C (Pensky-Martens Closed Cup)
Relative Density	0.865 - 0.905 (15.6° C)
Solubility	Insoluble in water
Viscosity	12.5mm <sup>2</sup> /s (40° C), 20mm <sup>2</sup> /s (25° C)

## Dosage Rate

For 1-tank clean up of the complete fuel system, 100ml is sufficient to treat 25 litres of petrol.  
NOTE: This product is not suitable for petrol that contains over 50% ethanol.

## Packaging

Petrol System Cleaner is available as a 100ml bottle with safety cap.

## Storage & Handling

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not get in eyes and avoid contact with skin, wash hands after use. Keep cool and store in a well ventilated place.
