## Rider / Stage Plan

Last update: 05/04/2015

### Equipment

- 2 microphones (1 lead & 1 for backing vocals)
- 2 electric guitars plugged into amps
- 1 electric bass plugged into amp
- 1 drum kit

### Details

- The **singer's** microphone (guitar 2) is a Shure SM58 beta. No microphone for backing vocals available.
- The two **guitars** are electric. The connection chain for each one is the following: Guitar → Effects Pedals → Amplifier (full tube preferred)
- The electric **bass** is connected to some effect pedals and then to the amplifier
- The **drum kit** ideally includes 2 crash cymbals and 1 tom and 1 floor tom, added to the standard bass drum, snare drum, hi-hat and ride cymbal.
