RESUME UPDATED FEBRUARY OF 2023

ABOUT

While motivated by curiosity, I treat every task with the utmost tact and skill. I have a passion for precision and a drive for excellence, with a proven success rate. Under minimal supervision, I take the initiative on every project I am given, moving forward until the job is done. As a highly intuitive person I enjoy problem-solving, and I am always looking for opportunities to master new techniques and expand my skills.
