SUMMER 2018 PART 4

Media Release

Monday 24th September

This week Kowtow welcomes part four of their Spring Summer 2018 collection, with the arrival of their custom wave print. Inspired by water reflections in Luis Barragán's Casa Gilardi indoor swimming pool, the wave print is available in four styles.

A fresh colour palette alludes to easy Summer looks with free flowing silhouettes. Key pieces include the Element Dress, Lines Shirt and Composure Cardigan.

Kowtow collections are made from 100% certified fairtrade organic cotton. All fabrics and prints are designed in-house and printed using Global Organic Standard (GOTS) approved methods and water based inks, which are free from harmful chemicals and have a low environmental impact by ensuring sustainable use and treatment of water.

Available in stores & online from Thursday 27th September 2018
