

TESTIMONIALS

"I just wanted to say what a fantastic group you all are. I had loads of people say to me afterwards, how much they enjoyed "the harmonies" of The Crystal Chords, but not only that, the joy that showed on all your faces. You all obviously thoroughly enjoy creating your unique sound, and doesn't it show."

Tony Booth, Rotary Club of Knutsford

"On behalf of the President and members of The Rotary Club of Stockport, I want to thank you and your ladies for the most enjoyable and accomplished entertainment which you kindly provided last night. The members were genuinely appreciative and their comments were most complimentary. Even a guest in the hotel who had been sat in the lounge next to our room commented on how good the singing had been. Many thanks again and our very best wishes for your Christmas"

Gordon Parkin, Rotary Club of Stockport

"From the moment I found Crystal Chords and started chatting to them, they were fantastic. I was looking for a choir for my wedding, the theme of which was to be a day unique to us and maybe a little off-beat. I booked them right away and they were fantastic throughout, from helping us choose the songs we wanted to coming all the way to the church to meet with the organist and my husband to finalise arrangements for the actual performance on the day.

I was worried that I wouldn't get to hear them on the day - however our organist forgot that he was supposed to be playing for our wedding that day so he was 10 minutes late! Upon hearing the news of the late organist, Crystal Chords were fantastic, they launched into more songs, which the congregation absolutely loved - they even sang "how do you like your eggs" which made my father in law's day as it's his favourite! It really helped to calm down my poor husband who was panicking about the lack of organist. We had so many comments about the choir from our guests - I wish we could have logged them all down to give to you, needless to say they thought they were fantastic, really entertaining and such an original choice for our wedding.

Thank you so much for making it all so easy and stress free, for entertaining our guests and providing us with a talking point and some very special memories for years to come."

Catherine Wildman, December 2012
