In a complicated world of healthcare IT, we are here to make it less complicated by focusing on YOU.

EFFERENT

Absolutely human

How can we help you?

Advisory:
Digital Transformation Made Simple

You don't have to take on your health IT project alone, our team is here to take off the hassles of working directly with vendors and developers.

Our advisory services include:

Digital Transformation Strategy
We ensure that your technology strategy roadmap is realistic, manageable and can be achieved amidst the competing priorities in your organization.
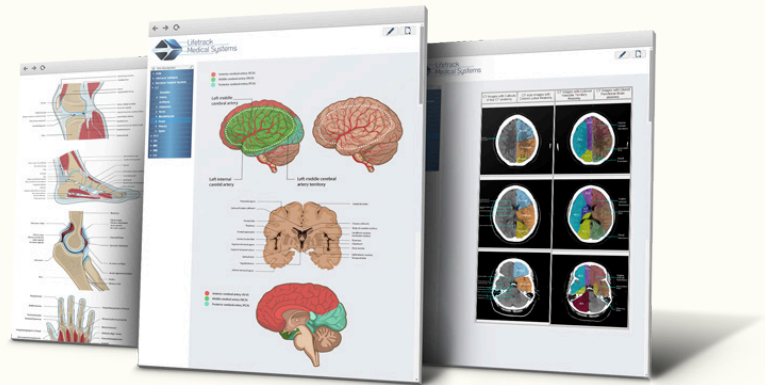

Value Management
Through data and analysis of your processes, we can help you understand those areas where small incremental changes yield big impact as well as save cost.

Product Portfolio:
Human-Centric Technology Delivered

We have made it our mission to eliminate the hassle of health IT project management and procurement by bringing it to you in one place through our all encompassing portfolio products.
