Art Submission Guidelines

Vector Art Requirements

For best results, we prefer Vector artwork. Acceptable vector formats include **.ai**, **.eps**, **.svg**, **.cdr**, **.pdf**, and **.ps**. These files are created with programs like Adobe Illustrator, Corel Draw, Inkscape, etc. All text fields must be converted to curves or outlines to prevent font substitutions.

Include a .jpg or other raster image for reference so we can confirm that no font substitutions have occurred. All objects must have at least a 1pt line thickness to guarantee proper print quality. If the vector file contains any placed raster images, these images must meet or exceed our requirements for resolution when rendered at 100% of the final imprint size. Also, they must be submitted with the original vector file.

Raster Art Requirements

A raster image is made of pixels, whereas a vector image is made of shapes and lines. Acceptable raster file formats include **.psd**, **.tif**, **.jpg**, **.png**, **.bmp**, etc. Raster images are created in programs like Adobe Photoshop, Corel Photopaint, PaintShop, etc. For our purposes, all raster elements and art files must be saved at 100% of the final print size with a resolution of at least **300 ppi**.

Font Information

For vector art, text must be converted to paths, curves, or outlines. The text then becomes an object and can no longer be edited as text.

Proofs

When creating designs for our customers, proofs are a way of assuring that we have set your type correctly and that all of the design elements are placed according to your requirements. A proof will be sent to you via email or printed on paper that can be approved. We will not start on your project until you have signed off on a proof.

Art Fees & PMS color Matching

Art that requires us to redraw, clean up, or separate for simulated process will be charged an art fee of \$20.00 an hour with a 1 hour minimum.

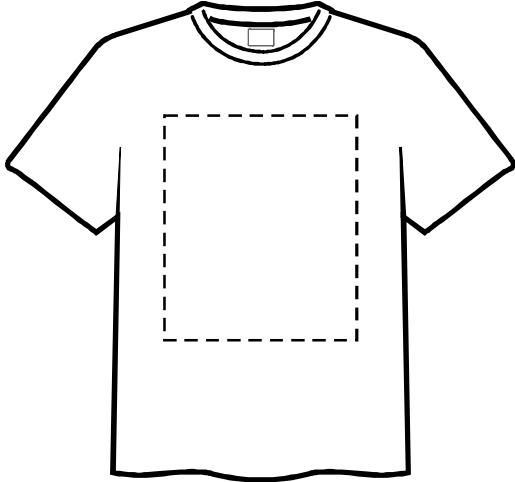

PMS color matching is available for \$10.00 per color. Please call for free colors.

Standard Print Locations and Measurements

Some custom locations are available upon request.
