TRIMMING OPTIONS: Circle, Square Cut, or Rounded Corners

QUANTITY LIMITATIONS: All quantities available

OTHER NOTES: Made in Europe Only, at our Vinyl/CD Manufacturing facility.
Quick turnaround & ideal for last minute additions to a Vinyl/CD order.

DESIGNING & SUBMITTING YOUR ARTWORK FILES

Incomplete, incorrect, or illegible art files will result in production delays, and possibly poor presentation of final product. Have your artwork Designed by a Professional Graphic Designer. Unless you've arranged it with your rep beforehand, we require that all graphic arts are to be received in a Pirates Press template. We have graphic art templates available for almost everything we manufacture. If you are unsure which template to use, please call or email your sales representative.
More information is available from our "GRAPHIC GUIDELINES AND TECHNICAL AUDIO SPECIFICATIONS", available on the "ORDERING" page on our website at www.PiratesPress.com.

- ALL IMAGES MUST BE 300 D.P.I. RESOLUTION or higher.
- ALL IMAGES MUST BE CMYK and/or properly prepared PANTONE files. Do not submit Pantones unless you've ordered them.
- Use ONLY PIRATES PRESS TEMPLATES. Always keep Template on it's own layer. NEVER FLATTEN TEMPLATE to Artwork.
- TEMPLATES are the actual die-cut. ADD 3mm or .125" BLEED to all sides, outside the pink lines.
- TEXT and LOGOS should not be closer than 3mm or .125" to the die-cut lines.
- EPS and PDF file formats EXTREMELY PREFERRED. PSD files are prone to problems but are RELUCTANTLY ACCEPTED.
- QXD and INDD files are NOT ACCEPTED. NO GIF or JPEG files ever.
- ALL TEXT must be CONVERTED to OUTLINES (Illustrator, Quark, Indesign) or RASTERED / FLATTENED (Photoshop).
- ALL IMAGES must be EMBEDDED (Illustrator, Quark, Indesign) or RASTERED / FLATTENED (Photoshop).
- SAVE your files as SINGLE ARCHIVES (.zip or .sit) named only with your CATALOG NUMBER and the word ART (ex. PPR023_ART.zip).
- ALL ART FILES should be UPLOADED from our WEB-BASED UPLOAD APPLICATION: **www.piratespress.com/upload**

*** Please fill out your Order Forms properly. Make sure the Artwork you are submitting matches your Order Form and the Sales Order (or Estimate) that you have received from your Sales Rep. If it doesn't, make sure it gets adjusted immediately to avoid delays in production.
