

CLEAR HISTORY

REFRESH! GAME BOOSTER

CLEAR HISTORY – OVERVIEW

A fresh update on a youth ministry staple. Clear history takes the notion of “Never I Have Ever” and refreshes it for 2017. A little bit competitive, a little bit an ice breaker, and definitely a whole lot of fun!

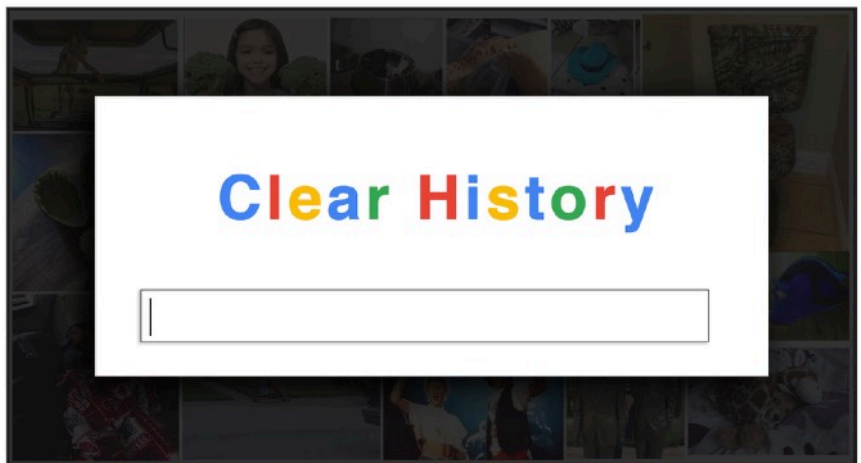

HOW TO PLAY

1. Begin the game by having the players sit in a circle with enough chairs for all but one player.
2. The first player in the center stands states “Never have I ever...”
3. Then all the players who have done what the person in the center has not done exit the circle
4. The game continues until only two players remain or until you call “Clear History” to reset the game.

PRO TIP

Use your “Clear History” as a timely way to break up a mass exodus or potentially inappropriate solicitation from a student (they mean well, but you know!).
