

# GRIDLESS 7000

With one Gridless 7000 you can put **two 20A circuits with 10kW of surge** right where you need them, without the cost and hassle of a generator.

## Use it

to power everything, even heavy equipment like power tools and lights.

## Charge it

fast from any source; the wall/generator, solar panel, or vehicle.

## Move it

wherever you need to go, from confined indoor spaces to outside in the elements.

## Track it

so you always know where it is and how much power you have.

## Technical Specifications

### High Capacity, Durable LiFePO4 Battery

- + 7000Wh True Capacity
- + 2000-3000 Cycles

### Powerful Outputs

- + 5kW Continuous, 10kW Surge AC Output
- + 2X Full 20A Circuits
- + 8X AC Outlets, 2X Twist Lock Outlets, 8X USB Outlets

### Unmatched, 3.5 Hour Charging Speed

- + 2000W Total Charging Power
- + Charge from Wall, Solar, or Vehicle Power
- + 12.5V-42V Input Range

### Portable, Rugged Case

- + 350lbs, 25.5" x 25.5" x 26"
- + Drop, Shock, and Weather Resistant

### Smart and Connected

- + Simple, Automatic Controls
- + Advanced, Predictive SOC Calculations
- + Wired and wireless remote monitoring
