LINDA KEANE

「Moving Design」 Tuesday, April 19

Design facilitates our relationships with our physical & social environment yet is only introduced in college leaving the public design denied. Professor Keane, AIADO, will share the eco web of NEXT.cc, an environmental design non profit created by SAIC students and partnered with Earth Day, National Environmental Education Foundation, Cooper Hewitt National Design Museum, Harvard's Project Link, A+DEN Architecture and Design Education Network, International Union of Architects, National Endowment for the Arts, and more. Find out more at <http://www.NEXT.cc>

**NOON-TIME
TALKS**

Grab your lunch and
join us!

12PM | Room 1117 | Sharp Building

Students and faculty welcome. Visitors may need to be signed in at the security desk.
