

**VIGILANTE
NINJA 2**

INSTRUCTION MANUAL

TITLE
SCREEN

Press 'SELECT' to choose options, or press 'START' to begin the game.

OPTIONS
SCREEN

Choose from 4 levels of difficulty. Skip levels. Sample the music.

Controls:

↔ - Run

↓ - Duck

Select - Switch Weapons

Start - Pause

B - Attack

A - Jump

↑ + B - Throw Weapon

↓ + B - Slide / Kick

Jumping is an attack.

Landing is not.

Ducking can avoid some attacks.

Sliding is an attack. And, you are temporarily invulnerable during a slide.

Make sure to run before a big jump.

Collect 100 coins for an extra life.

Small coin = 1

Big coin = 5

Heart = Restores 1 health.

Collect scrolls to unlock a new throwing weapon.

Throwing Weapons

Shuriken

Water Wave

Fire Blade

Arrows

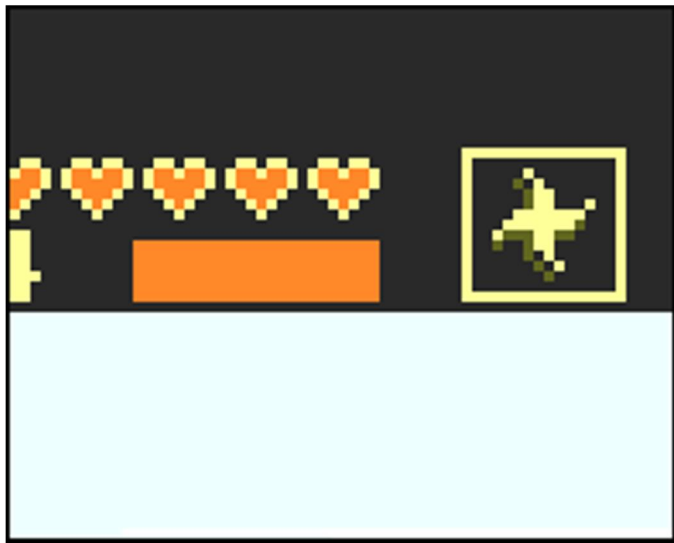

Boomerang

Triple Shot

Your 'Power Bar' will drain as you throw weapons. It will slowly refill over time.
Or, you can find another scroll to refill it.

Defeat the evil wizard.

And retrieve your father's magic sword.
We are counting on you!

Notes:

- You can run across a small gap
- The game will only play on an NTSC NES. It may play on an NTSC clone system, but there are no guarantees.
