
Lonely

Verse 1

I guess you thought that it was cool
When you started off.
You didn't want to feel a fool
And leave them because
"Life was kinda lonely, you know
And I seemed to be enjoying the show".

Verse 2

Your new reality has stirred
And despair awaits.
They've heard the money fan whir
At a much faster pace.
"Lonely" drives the short-term fix
And they laugh with greed at each of their tricks.

Chorus

How can I tell you that you are never alone?
The presence of God is with you, if you could only know.
There is no magic wand to wave, but hope is there
Just pray for help and reach out to those who can show God cares

Verse 3

So life is going way off-beam?
You're nearly going nuts?
You've joined the vagrant homeless team
And life now really "sux".
You're now in survival mode
With new lonely mates to share your abode

Chorus
