

SPREADSHEET SOLUTIONS

Creating business solutions through custom spreadsheets

www.spreadsheetsolutions.biz

You may well know that we create custom spreadsheets, but we provide many spreadsheet-related services which you may not know about. We have broken our services down into 4 categories, so that you can easily find the right option for you. Page 1 of this brochure is about us and some contact links, pages 2 and 3 are dedicated to the 4 service categories which we provide. Page 5 has some other useful links. Take a look through some of the examples, but if you don't find what you need don't lose heart, we love to take on bespoke projects and always looking for more standard options to offer.

If you would like to get in touch with us, or find out what other people think of our services, please use the links below. You can either get in touch, sign up for our monthly newsletter, see what some of our clients think about us and our services, or you can see some case studies of problems we have solved.

If you would like to know a bit more about us, you can use the links below. We are a husband-and-wife team. Richard makes the spreadsheets, and Wendy is the virtual assistant who can put them to work. If you'd like to know about us, why you should use our services, or even where you can meet us at networking events, use the links below.

Virtual Administrative Assistance

We don't only make spreadsheets, we also use them to provide you with a quicker, and more consistent virtual assistance. Richard makes custom spreadsheets, and then Wendy puts them to use for your business, providing you with your desired solution. If you want the advantages of using a spreadsheet, but don't actually want to use it yourself, then this option is for you.
