Kumara Reiki 2017

The peak area of the Mountain and the place where Usui supposedly meditated for 21 days and received Reiki..

As an effect of my visit to the Kurama Mountain (“birthplace of Reiki”) in Japan (December 2011), I now offer alignment/attunement to the Reiki energy. I call it Kumara Reiki because of it’s connection to Venus and Sanat Kumara. The Kumara Reiki is the same as that which Mikao Usui received... It just appears to be stronger and finer in vibration... one reason for this could be that it has degraded through it’s lineage.

Kumara Kundalini Reiki 2017

(2 attunements in one)

A mixture of Kumara Reiki and Kundalini Activation.

Prana 2017

(Formerly named Tachyon)

In this course you will learn how to create different kinds of Prana antennas. A Prana antenna is an item that has been permanently altered on a sub-molecular level, so that it acts as a receiver and transmitter of Prana (Lifeforce).

You will learn to create:

Prana water
EMF Phone Filters
Prana "Attunement oil"
(will enhance the attunements of any system!)
Prana Discs
(For charging items and rooms)
Prana Chakra Stones
(For cleansing and charging chakras)
plus more...

You will further receive several new methods on how to pass on attunement! These new methods can be incorporated in other attunement systems such as Kundalini Reiki.

Prana is highly recommended as a companion for Kundalini Reiki (and other attunement systems), as the Prana will significantly enhance and boost not only healing sessions, but also the attunement procedure itself!

Prana Source 2017

(Prerequisite: Prana 2017)

Where *Prana* create Prana antennas, Prana Source creates Prana source antennas. Prana source antennas create anything that come into it's field into Prana antennas!

Example if you place a Prana Source antenna next to a glass pitcher with water, both the glass pitcher and water will become a permanent Prana antenna! Even the table the source antenna is placed on will become a Prana antenna!

Everything that is close to a Prana Source antenna, will become a permanent Prana antenna!

Imagine working with a regular Prana antenna: Everywhere you put this antenna, lifeforce will be added. When you remove it, the lifeforce will gently fade.

When working with a Prana Source antenna, the lifeforce will not fade because the item (or person) will become a self sustaining antenna that emits the necessary lifeforce needed permanently!

If you wear a Prana Source antenna, you will become energetically contagious (in a good way!). Everywhere you go, you will be able to lift the energy of your surroundings permanently. Everyone you have contact with, will be positive influenced by the beneficial energy you are emitting and they will be permanently lifted!

Prana Source will further enhance and boost healing and attunement sessions!

Full Spectrum Light 2017

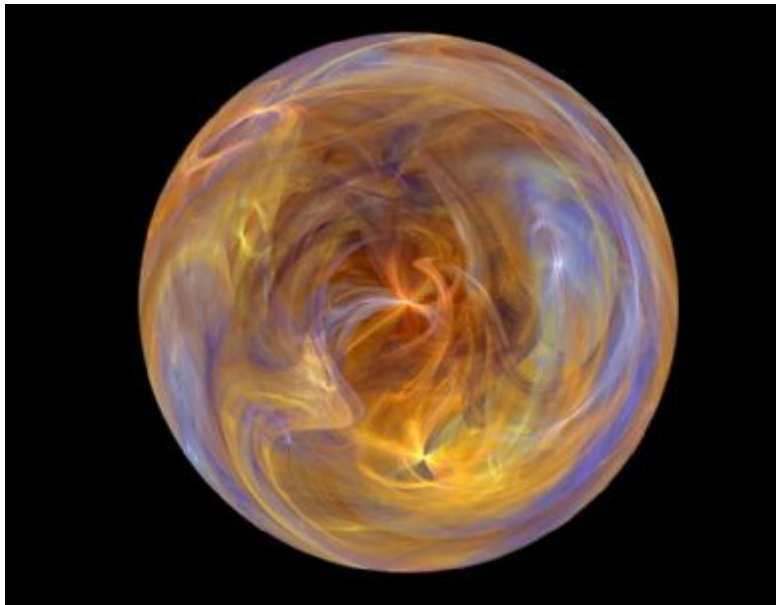

Full Spectrum Light (FSL) consists, like a rainbow, of all frequencies from infrared through near-ultraviolet and is therefore able to heal on many levels.

Sunlight is considered full spectrum and FSL works like it, with its many excellent properties. The most important is healing and regeneration. Its energies also promote joy, happiness, peace of mind, calmness and balance. It cleanses and protects from negative energies. It's further great for use in meditation.

Full Spectrum Light is excellent in help to overcome grief and sorrow and in help to shed light on a specific issue or situation.

FSL can be used as a hands on healing, like Reiki.

The Great Central Sun 2017

(Prerequisite: Prana)

The Great Central Sun is the the Center of our Galaxy... also called "the Source" or "heart of God" and is the point of origin of all physical-spiritual creation.

Compared to Tachyon, the energy of the The Great Central Sun is a higher aspect of Tachyon. The energy can be quite powerful for some, especially for those who have not yet worked with energies on themselves and others. That is why Prana is mandatory for receiving the Great Central Sun course.

If you enjoy working with Prana tools, you will love creating tools with the energy of the Great Central Sun!

7 Chakra Source 2017

(Prerequisite: Prana)

The tool created with this attunement will "upgrade" your chakra system in less than 24 hours!

You will become attuned to the energy of each of the 7 chakras. If you have any leaks in your chakra system, they will be permanently repaired and sealed. It will not only improve your energy flow exceedingly, but also strengthen your healing power and your ability to pass on other attunements!

Kundalini Reiki I 2017

Possibly the simplest healing and self-development system that exists!

By opening/strengthening the energy channels of the body, it is possible to channel healing Reiki energy to yourself and others, just by intention.

What is Reiki?

Reiki means “Universal life energy”. You can have access to Reiki via “attunement”. During attunement, different energy centres (Chakras) and energy channels are opened/strengthened. This way you can have access to this energy and channel it through your hands. You can then “switch on” the energy, just by intention. Reiki can also be used on animals, plants, water etc. Furthermore, it is possible to accelerate your personal development process drastically by opening the Kundalini.

What is Kundalini?

Basically, Kundalini means that certain healing channels and chakras have been opened, and you have thereby gained access to the Earth’s energy. The Root chakra, which is the energy centre located near the coccyx, acts as an entrance for the Kundalini energy. The Kundalini energy is also referred to as “the Kundalini Fire”. Hereafter, the energy runs all the way up through the body, through the “main energy channel”, and out of the Crown chakra.

This energy channel goes from the Root chakra to the Crown chakra on the top of the head. An open Kundalini means that over a period of time, a complete cleansing of the chakras, the body parts and the energy channels is obtained.

A person who has, or has had problems with wrong Kundalini awakening, or other problems with the Kundalini energy, can most often be helped with Kundalini Reiki.

All who are interested in learning Kundalini Reiki must begin with Kundalini Reiki 1, even though you may have attunements from other systems.

Kundalini Reiki 1-2-3 are taken as remote, long-distance courses. There is no difference in the quality of attunements whether done “hands-on” or as a remote, long-distance attunement.

Kundalini Reiki 1: The first attunement opens the healing channels to allow channelling of Reiki energy. At the same time you are prepared for the Kundalini awakening in Kundalini Reiki 2. The Crown, Heart and hand chakras are opened/strengthened. You are taught to perform a complete healing treatment and to heal remotely from a distance. Kundalini Reiki 1 is the equivalent of the USUI Reiki 1-2-3 attunements.

Each attunement takes approx. 25 minutes.

Faq

Q: "Are the Booster Empowerment energies now integrated into these new attunements so that separate Boosters are no longer needed?"

A: Yes they are.

Kundalini Reiki II 2017

The Reiki channels are strengthened. The Kundalini awakening, where the main energy channel opens gently and surely, alighting the Kundalini “fire”, reaches the minimum Solar Plexus chakra, preparing for the full Kundalini rising in Kundalini Reiki 3. You are also taught a specific meditation. When you perform this meditation, you increase for a short time, the power of the flame in the Kundalini fire/energy. In this way, all the chakras/energy systems are enlightened and a cleansing takes place. (Minimum 2 days after Kundalini Reiki 1)

Kundalini Reiki III 2017 (Kundalini Reiki Master)

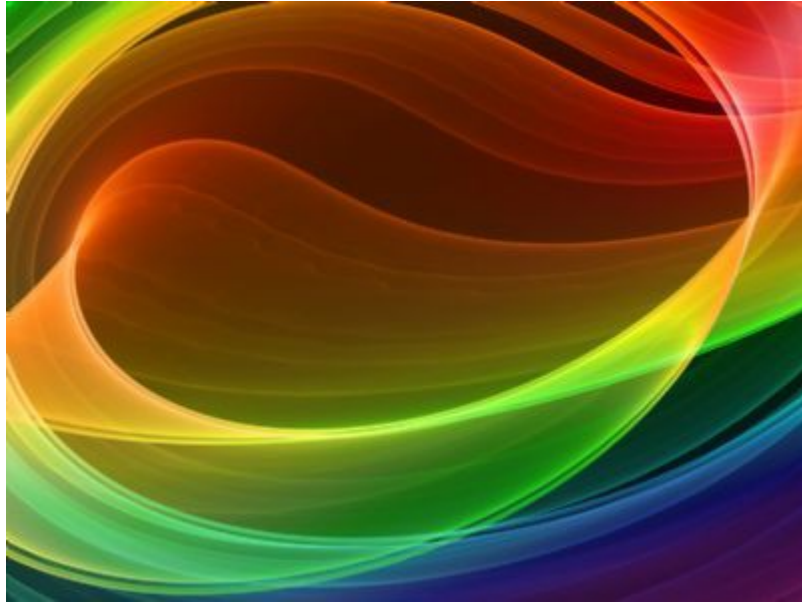

The previous attunements are strengthened and the Throat, Solar Plexus, Hara and Root Chakras are opened. The Kundalini "fire" is strengthened and reaches up and out of the Crown chakra - full rising of the Kundalini takes place. Extra included attunements: 1 - Balance, 2 - Diamond Reiki, 3 - Crystalline Reiki, 4 - DNA Reiki, 5 - Birth trauma Reiki, 6 - Location Reiki, 7 - Past Life Reiki. You are also taught to pass on Kundalini Reiki 1-2-3 with the new attunement method. (Minimum 5 days after Kundalini Reiki 2)

Kundalini Reiki Source 2017

(Prerequisite: Prana and KR 3)

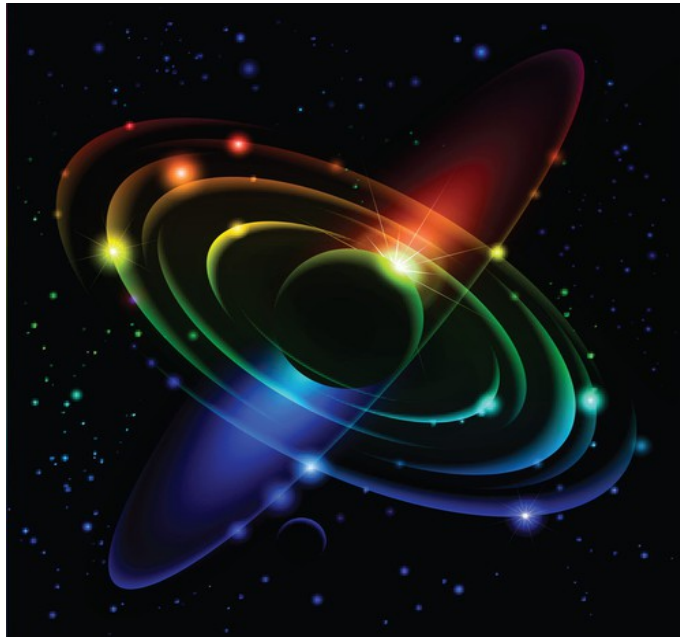

The tool created with this attunement will "upgrade" your Kundalini Reiki energy in less than 24 hours. It will not only improve your energy flow exceedingly, but also strengthen your healing power and your ability to pass on attunements.

This attunement is not meant as a healing system but as a healing in itself.

Emerald Essence 2017 Heart Chakra/Eyes/Eyelids

The main property of the Emerald Essence is physical and emotional healing.

It has a great balancing effect and is especially suited for healing all issues related to the heart chakra and the eyes.

Emerald Essence is excellent as a hands on healing system, either alone or in conjunction with other healing systems.

Works perfectly together with any Reiki modality!

The Golden Light 2017

A very gentle healing energy. Great when working with forgiveness, releasing anger and fear. Further instills hope and courage for new beginnings.

The Golden Light replaces all previous versions of Gold Reiki.

Water Elemental 2017

Fresh and powerful energy!

Excellent for creating healing tools for use in healing sessions, charging water or just to have lying in a room. A nice energizer!

The Love Light 2017

Tools made with the "Love Light" energy (a specific love frequency) are especially good for charging water. The energy makes the water "thin" and thereby easier absorbed by the cells. You might notice a softer skin when using the treated water.

Love Light tools are also great for wearing.

Violet Flame 2017

Good for disconnecting from unconstructive energies and old situations. Transforms/transmutes negative energy. Great for purifying the energy body and for room clearing. It further help release tension and speeds recovery.

Magenta 2017 Attunement

Magenta is a great healing energy that combines the energy of the colors Red and Purple.

The Red color will empower and energize the purple color (which is already an effective healer) to work more efficiently. The purple color will further lift the Red color and add a more spiritual nature to it.

How to use the energies

The attunements can be used as Reiki. Example to use the Rose Quartz energy as hands on healing, just think "Rose Quartz" instead of Reiki to start the energy flow.

You can also use them to create energy tools, like those described in the Prana manual. Here you would just replace the word "Prana" with the appropriate energy, example "Rose Quartz".

Additionally it is possible to pass these attunements on, as you would pass on Kundalini Reiki, Prana or any of the other attunements. (I recommend having completed at least Prana and Kundalini Reiki 1 before taking one of these attunements to get the full benefit, but it's though not a requirement.)
