

Apply to be featured in the DASIE Made Mall

What is a D.A.S.I.E.? DASIEs are Rustic Horseshoe's Community of Makers. If you've ever made an item using a Rustic Horseshoe design...you're a DASIE! D.A.S.I.E. stands for some of the reasons why we sew: Distinctive Achievement Soothing Imaginative Enjoyment.

Do you make finished items for sale which you made using a Rustic Horseshoe Design (or an altered Rustic Horseshoe Design)? I often receive requests for completed items and I am no longer filling these requests unless I have an item already available which was likely made during my pattern designing process. I am putting my focus into building my pattern line. I want to provide a place for makers of Rustic Horseshoe Designs (D.A.S.I.E.s) can connect with people who want to purchase a completed item that they can't or don't want to make for themselves. This is new and I appreciate your understanding and flexibility as we embark on this adventure together. The mall will be a dedicated page on my website <https://RusticHorseshoe.com>

Criteria

1. You have to offer items made using a Rustic Horseshoe design.
2. You must be following my copyright including noting that the item you made was made using a Rustic Horseshoe design/pattern.
3. I reserve the right to add or remove listed persons/businesses in the DASIE Made Mall, it is possible that not everyone who applies will gain space in the mall.
4. There are currently no advertisement fees to be listed in the DASIE Made Mall, if the time arises that advertisement fees will be implemented there will be a minimum of a 30-day notice to opt in.
5. Your photos must be of your own work.

Suggested Criteria

1. Have great photos and clear descriptions of your products and custom orders.
2. Have a good record of good customer service.
3. Have a website (Etsy or other platforms count).

The Rustic Horseshoe's community of makers is a positive and uplifting group of individuals. Everyone is at different skill levels and applies their own creativity to their work. You may be new to making these types of items or well-seasoned. In the mall, I must disclose that I don't endorse any of the makers in the mall and cannot speak for their individual quality (sorry, but I haven't seen anyone's work in person, so I have to be honest and it is best to just let potential buyers seek out the best seller for their needs...let your photos and communication style speak confidently for you).
