DEAR TOURISM INDUSTRY PARTNER:

As Chair of the Maryland Tourism Development Board, I want to thank you for the hard work that you do every day to create a positive visitor experience that leaves our guests with wonderful memories and our state and local governments with $2.3 billion in tax revenue.

Tourism continues to generate real dollars for the businesses that are in the hospitality industry. In Calendar Year 2015, $16.8 billion was spent at the state's accommodations, restaurants, shops and attractions.

As the president of the largest theme park in Maryland, I know the importance of the visitor economy as do my 2,500 employees. Tourism is the 10th largest private sector employer in Maryland and it employs more than 140,000 people.

This work plan has been developed by the staff at the Maryland Office of Tourism with Maryland Tourism Development Board support. This plan will serve as the roadmap for all staff activities and programs in the upcoming Fiscal Year. There are new partnership initiatives such as hosting the Mid-Atlantic Tourism Public Relations Alliance marketplace; Maryland Fleet Week and Air Show Baltimore; the opening of the Harriet Tubman Underground Railroad State Park and the largest generator of international inbound travel to the U.S., IPW coming to the region.

These and all of the activities are designed to increase Maryland's image as a must-see travel destination.

Through Governor Hogan's leadership, the Department of Commerce and the Office of Tourism have the opportunity to showcase tourism's role in creating economic benefit for the citizens of Maryland through visitor spending and the amenities that the tourism industry provides for visitors and residents alike.

RICK HOWARTH
CHAIR | Maryland Tourism Development Board
PRESIDENT | Six Flags America
Visitor Landscape:
The competition for the consumer’s discretionary dollar is fierce and marketers are investing billions of dollars to capture those dollars. The recently released Power of Promotion, from the U.S. Travel Association, cites that in the United States the top 50 discretionary brand advertisers spent $81 billion marketing and promoting their brands. By comparison, the 50 state tourism offices spent one-half of one percent as much to market their destinations. These are the messages that we compete with that our potential visitors receive multiple times a day.

Building Destination Awareness. How to encourage consumers to select your destination to invest their time and money. Some call it branding. We call it an invitation to visit Maryland.

Tourism annually generates $947 billion to the United States economy, which is a 2.1 percent increase from 2013 to 2014. In the race for the consumers’ travel dollars, states are spending $437 million in direct advertising to build awareness for their destination. Hawaii and Florida both invest approximately $75 million but states such as Michigan spend $30 million and much of it within Maryland’s primary trading area.

In the states throughout the region, tourism budgets have waned and waxed. The value of the visitor dollar has increasingly become more important to the state’s budgetary considerations. According to numbers released by the U.S. Travel Association for Fiscal Year 2014, the average state tourism budget was $16.7 million. In our regional breakdown, the average state tourism budget is $20 million with New York topping the charts at $45 million. Maryland’s budget ranks 25th nationally with the $11.4 million and Virginia ranks eighth with an $18.6 million budget for Fiscal Year 2014. The numbers for Fiscal Year 2016 and projected Fiscal Year 2017 are still being compiled at the time of this report.

Maryland Visitors Statistics
Maryland welcomed 40.47 million domestic travelers in 2015, an increase of 5.9 percent according to a national survey of U.S. travelers conducted by D.K. Shifflet and Associates, a leading tourism industry research firm. Eighty-one percent, or slightly more than 31 million, were leisure travelers, and the remaining 19 percent, or more than 7 million were business travelers.
**Trends and Comparisons**

National domestic travel volume increased in 2015, with total domestic U.S. visitor volume, as measured in person-trips growing 4.9 percent. Leisure travel represented nearly 80 percent of all person trips, with day trips representing 53 percent and overnight 47 percent of visitor volume.

Maryland's 5.9 percent increase year over year was also approximately a full percentage point higher than the United States’ year over year increase of 4.9 percent. Eighty-one percent, or close to 33 million visitors to Maryland were leisure travelers. The remaining 7 million visitors came to the state for business travel.

**Maryland Visitor Profile**

The following tables compare the demographics and trip profiles for Maryland day trippers and overnight travelers.

- **Day trip:** any journey for business or pleasure, outside your community and not part of your normal routine that did not include an overnight stay. Day trips involve travel of more than 50 miles from home.

- **Overnight trip:** any journey for business or pleasure, outside your community and not part of your normal routine, where you spent one more nights away from home.

**Demographics Characteristics**

- Males make up 48 percent of overnight visitors while females make up 53 percent of overnight visitors.
- 53 percent of day travelers are over 50 years of age compared 52 percent of overnight travelers. Those travelers under the age of 50 make up 48 percent of overnight travel.
- 73 percent of day travelers come from Maryland and bordering states while only 46 percent of overnight travelers come from these same states.
- Overnight travelers are a little more diversified with 16 percent coming from “longer” haul states such as Florida, North Carolina, California, and Ohio.

This information is of importance as it can identify those markets where Maryland can invest is promotional and advertising efforts to deliver greater economic greater economic impact as a result of increased length of stay and greater spending.

TOURISM DEVELOPMENT

MARKETING LEVERAGE THROUGH THE COUNTY COOPERATIVE GRANT PROGRAM: The Tourism Development team is responsible for the management of the annual County Cooperative Grant Program, working under the direction of the Maryland Tourism Development Board (MTDB) and the Department of Commerce. Through OTD, the MTDB grants funds directly to the County-recognized Destination Marketing Organization (DMO) for each Maryland County, Ocean City and Baltimore City. Grant funds are intended to leverage DMO marketing investments in key feeder markets. Grant funds are not intended to replace local DMO investment.

OBJECTIVES

Ensure grant guidelines align with evolving marketing priorities and promote Maryland’s high-value attributes.

Administer the program to meet internal deadlines and deliverables.

KEY STRATEGIES FOR FISCAL 2017

Continue to administer the County Cooperative Grant Program, which includes, but is not limited to: preparing programmatic reports; participating in the Maryland Destination Marketing Organizations’ Grant Review Committee meetings; reconciling reimbursement requests; administering grant documents, and providing technical assistance to grantees and measuring program effectiveness, etc.

Support the MTDB and the Secretary of the Department of Commerce in developing new guidelines and cooperative programs in response to performance metrics of the Tourism Promotion Act.

TOURISM DEVELOPMENT

CUSTOMER CONTACT PROGRAM – WELCOME CENTERS, CALL CENTER AND FULFILLMENT SERVICES: Maryland’s eight Welcome Centers are vital gateways for travel information and customer service. Simultaneously, they offer the tourism industry an un-paralleled opportunity to reach visitors through free statewide brochure distribution and seasonal/regional promotions. Because of their exceptional product knowledge, Welcome Center staff support OTD at trade/consumer shows, by reviewing publications and through industry outreach.

OTD responds to consumers and organizations requesting Maryland travel information through the Call Center, reader response cards, bulk order forms and OTD’s websites via its Fulfillment Services operations located at the Mason and Dixon Welcome Center.

OBJECTIVES

Manage the Customer Contact Program to ensure efficient and effective operation of Welcome Centers, the Call Center and Fulfillment Services.

Utilize the Welcome Centers as “out-of-home” media outlets— promoting marketing initiatives such as Monthly Spotlights on a continual basis.

KEY STRATEGIES FOR FISCAL 2017

Provide operational oversight for Welcome Centers, the Call center and Fulfillment Services. Responsibilities include budgetary administration, contractual administration, facility evaluations, hiring/supervising staff, training activities, industry outreach, data collection/reporting, etc.

Enhance the Welcome Center experience through new exhibits, window displays and programming that promote statewide, regional and seasonal tourism experiences that align with OTD’s content calendar.

Coordinate with the State Highway Administration on operations and maintenance through regular communication channels and attending quarterly Rest Area Meetings.

Conduct tourism industry workshops to share best practices and marketing messages, including the Annual Travel Information Center Workshop.
Conduct two OTD Destination Training Workshops including staff training in preparation for the March 2017 opening of the HTUR State/National Parks.

Support the Travel Trade Sales program by attending trade shows and conducting industry outreach.
