

OVEN & GRILL CLEANER

PRODUCT DESCRIPTION

Oven & Grill Cleaner offers food service and processing operations a versatile, ready-to-use solution for tackling the tough cleaning challenges on grills, roller grills, griddles, and ovens. The formula quickly emulsifies heavy grease build-up and grime in cooking areas including hoods and vents. Use as a spray or wipe-on solution for fast penetration and easy removal of stubborn baked-on cooking residue.

DIRECTIONS

Allow hot equipment to cool before cleaning. Spray surfaces and wipe with a sponge, brush or cloth. For stubborn soils, allow product to remain on surfaces for a few minutes before wiping away dirt and grime.
