

SMS Updates (CS-Cart) step by step tutorial

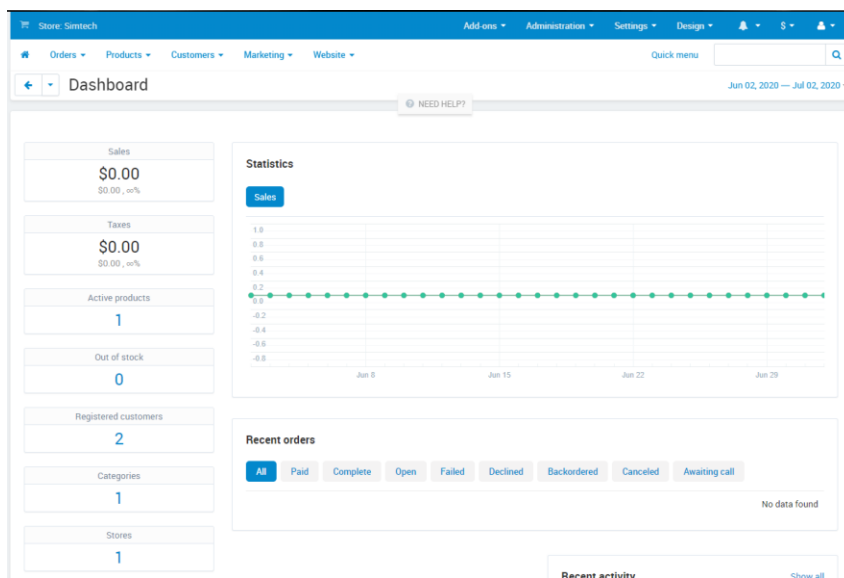

- Where to get API key and API secret

- 1) Make your way to “moceanapi.com”
- 2) Register an account
- 3) Login to the registered account
- 4) In dashboard tab, you should be able to see both your **API Key** and **API Secret** under the credentials section

- Where to enter your API key and API secret

- 1) Go to the settings tab on the admin interface website for CS-Cart (localhost/"yourscartfilename"/admin.php)

2) Hover over the “add-ons” tab and select **Manage add-ons**

3) Look/Search for “SMS Updates” in the add-on page

4) Once you have found our add-on, go into its settings

5) Enter your API Key and API Secret that you have gotten earlier from the Mocean dashboard in the fields provided

A screenshot of the 'Settings: SMS Updates' configuration page. The page has a title bar with 'Settings: SMS Updates' and a close button. Below the title bar, there are four tabs: 'General' (selected), 'Administrator notifications', 'Customer notifications', and 'Balance'. Under the 'General' tab, there is a 'Settings' dropdown menu. Below it, there are three input fields: 'API Key:', 'API Secret:', and 'Senderid (Eg: Your company's name):'. At the bottom, there is a note: 'For sending SMS notifications, the service MoceanAPI is used. To register, fill out the form.'

6) Enter **all 3 designated fields provided** (Required in order for the add-on to work) and click “**Save**” to save the changes that are made.

VERSION 1.0 | MOCEANAPI | 07/01/2020, 06:46

Note: the “SenderID” field can be your company name or your business name.

- Features of the add-on

1) There are many configurable features you can enable or disable for this add-on

Example: Always enable the order has been updated option if you want your customers of your website to receive SMS Updates

Settings: SMS Updates

2) You can also check the balance you have left on your Mocean account without going back to the Mocean website to check.

A screenshot of a Mocean account interface. At the top, there are four tabs: 'General', 'Administrator notifications', 'Customer notifications', and 'Balance'. The 'Balance' tab is highlighted in blue. Below the tabs, the text reads 'Your balance: 01.7792 EUR'. At the bottom of the section, there is a blue button labeled 'Recharge'.

Note: this also helps to see if you have entered an invalid credential (EG: wrong API Key or API Secret) because it will show in the balance tab if you have entered an invalid credential.

A screenshot of a Mocean account interface, similar to the one above. The 'Balance' tab is selected. The text reads 'Your balance: 1Authorization+failed EUR'. The text '1Authorization+failed' is enclosed in a red rectangular box. Below the text, there is a blue button labeled 'Recharge'.
