How to use:

- Laminate the coloured version and have kids trace the lines using dry erase markers. The lines will come off easily with a tissue so they can be reused over and over.
- Children can colour the black and white versions if they like and use them as is so they’re only used once. Or laminated for multiple uses.
- They’re also good for having a discussion about the relationship between each animal to the picture it is attached to.

I hope your little ones enjoy this activity and wish you happy teaching and learning.
