EmpowerKids Foundation

January 4, 2018

India is fourth among the top 10 nations with the highest numbers of out-of-children in primary level. Furthermore, the rate of school drop-outs amongst students is very high. One of the main reasons behind this is poverty. When earning a livelihood and taking care of the members of the family becomes a primary matter of concern in one's life, education stands a little or, very often, no chance of pursuance. For the underprivileged people in India, education is perceived as a high-priced luxury, and this negative outlook continues on with every new generation.

Our organization, EmpowerKids Foundation has a primary purpose to help underprivileged kids in developing countries. These kids are those from laborer workers that don't have a consistent streamline of income and cannot afford education. We started with a program that supported Kids in Grade 3 at B.P.M School in Jamshedpur, India.

This year we've started sponsoring kids from Odisha (formerly Orissa) in India and started one tuition center named Talnuagaon Center supporting 30 boys and 30 girls at the elementary level, in after-school private tutoring programs with two teachers. We also have opened another tuition center in Adityapur where we prepare kids for government residential middle and high schools.

Here are some pictures from the students sponsored by EmpowerKids Foundation wishing all of us a Happy New Year, taken at the Talnugaon Center Kalahandi in Odisha, India.

Here is a glimpse of some classes being conducted for the students in one of our three tuition centers. Our next phase would be to help hire additional teachers, supplies and also laptops, your past support has been a valuable part of why our organization is able to continue to help these children and give them a chance of a bright future, so please do keep the donations coming so we can get the additional teacher's, and equipment and supplies. We have achieved close to 30% of our targeted goal and would appreciate your continued support and donations.
