

Complete Cabin Clean

A naturally effective way to clean without using toxic or caustic chemicals. Our specialized concentrated biological preparation for multi-surface cleaning, cleans, refreshers and deodorizes in one simple application. Our Complete Cabin Clean successfully performs many functions – it cleans, refreshes, eliminates organic waste build up and deodorizes by destroying the source of bad odours.

A naturally effective way to clean without using toxic and caustic chemicals. When used as directed it is safe to use, safe for the environment, non flammable and readily biodegradable. The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) 648/2004 on detergents.

How to Use

Dilute product appropriately depending on intended cleaning application.

Hard surface cleaning - In a bucket, dilute product 1:50 with warm water. Mop & allow to dry

Carpet and soft furnishings - test small area for colour fastness prior to use. Spray on to area to be cleaned, blot or rub with a clean cloth, allow to dry.

The microbes will continue to work long after you have removed the stain. Dispose of used mop water into drains to enhance the microbial activity throughout the plumbing lines.

Health & Safety

The product as supplied is irritating to eyes. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek immediate medical advice. Product contains naturally occurring non-pathogenic bacterial cultures. Wash hands after use and avoid contact with drinking water sources. For best results, store product in a cool, dry place. Keep out of reach of children.
