Editable Slide Instructions

If you would like to create additional slides for this show, the text boxes on the slides below are editable and can be copied and pasted into the existing show as many times as you would like.

To get the slides, just click on the text box and edit away! The Fonts used on these slides are embedded into this presentation, so you can copy and paste them into other presentations. However, if something isn't looking right, you may need to download the fonts to your computer. Just click on the text box and edit away!

To edit the slides, just click on the text box and edit away. I know, I know, I know. However, PowerPoint so they should show up on your computer just like they do on mine. However, quite right, you can also download these fonts for free at TpT and download them to your computer.

The Fonts used are:
 KG Miss Kindergarten (questions)
 KG Blank Space Solid (answers)
 The links: right click on the link above and choose "open hyperlink".

If you want to add the same clipart images, you can find the free and paid clipart sets here: [Sarah's Personal Monthly Calendar Icons 1st Edition](#), [2nd Edition](#), and [9 Day Clip Art](#), [Prince Padma's Multicultural School Kids](#) and [Food Clip Art](#), [Normally Originals](#), [St. Patrick's Day Clip Art](#). To follow the links, right click on the link(s) above and choose "open link in new window" or "copy" and paste them wherever you would like in the show.

Once you have created your own slides you can copy, paste, and move them wherever you would like in the slide show.

To do this, go to the left-hand side of the screen where you see all the slides. Click the first slide you want to copy (probably the Ready slide). Press the **Ctrl** key and click the last slide you want to copy (probably the Answer slide). Then click the **Copy** button.

Now hit Ctrl+c to copy.

Now hit **Ctrl+v** to paste the slides in the show and choose **Keep Source**.

If you want to move the original slides, you can do this using the same process above, but when you paste the slides, they will appear blank. Don't worry! Just hover over the first slide you pasted and choose "Keep Source Formatting" from the context menu. Then the slides will look like the originals.

If you want to move the original back, just click on the "Undo" button. The slides will appear blank. Don't worry! Just hover over the "Undo" button. The "Undo" button will look like the original. Formatting" from the pop up clipboard menu. Then the slides will look like the original.

IF you make a mistake, stop... breathe... And hit Ctrl+z. This will undo the last action you took. (This strategy works very well for kiddos in the computer lab too.)
