6. Click **Create my account**. You may be asked to complete a Captcha to let us know that you're human.
7. Twitter will send a **confirmation email** to the address you entered on sign up, click the link in that email to confirm your email address and account.

Tips for picking a username:

- Your **username** is the name your followers use when sending @replies, mentions, and direct messages.
- It will also form the URL of your Twitter profile page. We'll provide a few available suggestions when you sign up, but feel free to choose your own.
- **Please note:** You can change your username in your account settings at any time, as long as the new username is not already in use.
- Usernames **must be fewer than 15 characters** in length and cannot contain "admin" or "Twitter", in order to avoid brand confusion.

Important information about your email address:

- **An email address can only be associated with one Twitter account at a time.**
- The email address you use on your Twitter account is not publicly visible to others on Twitter.
- We use the email you enter to confirm your new Twitter account. Be sure to enter an email address that you actively use and have access to. Check your inbox for a confirmation email to make sure you signed up for your account correctly.
