

#### SOMETHING NEW FROM NORTHERN...

For the past 28 years that Northern has been in business, this is only the second time we have actually produced a catalogue of the different styles of tiles that we offer. The first was back in 1992 before we had any completed job pictures.

In an effort to reduce the possibility of confusion we have created three main 'Collections' covering the most important profiles of clay roofing tiles.

The Shingle Tile Collection
 The Mission Pan and Cover Collection
 Pages 4-7
 Pages 8-11
 The European Tile Collection
 Pages 12-17

Each Collection is supported by a downloadable data sheet which will give you more information on the tiles, fittings, as well as suggested installation guides covering all aspects of roof details.

#### In this catalogue you will also find:

- A montage of just a few projects we have had the pleasure and privilege to be involved with over the past 28 years.
- One Stop Roof Tile Shop for Roof Tile Solutions. This is a service we
  have always provided where we can source tiles, fittings and accessories
  for the repair and maintenance of clay tiles.
- We can also supply Grade 1 quality Oriental Tiles with all the traditional figures and fittings.
- A whole host of little seen profiles of tiles from Europe, such as Pantiles from Holland, Gallic Tiles from Northern France, etc.
- We can also provide small quantities of tiles for 'non roofing' use, such as fireplaces, garden walls etc.
- · Ornamental Tiles, Decorative Ridge and Finials.
- Flexim. The modern, convenient alternative to mortar.

If you are searching for these materials or just ideas and suggestions....we are simply a phone call or email away.

By the way, if you are wondering why we offer so many versions of the same tile or why so many profiles... it's because we can, in part, due to our passion, bordering on obsession, for magnificently beautiful clay tile roofs. Also because of our very special relationship with two of our primary tile makers who indulge us and will make exactly what you, our clients, want.

We want our clients to be spoiled for choice, not starved of it!

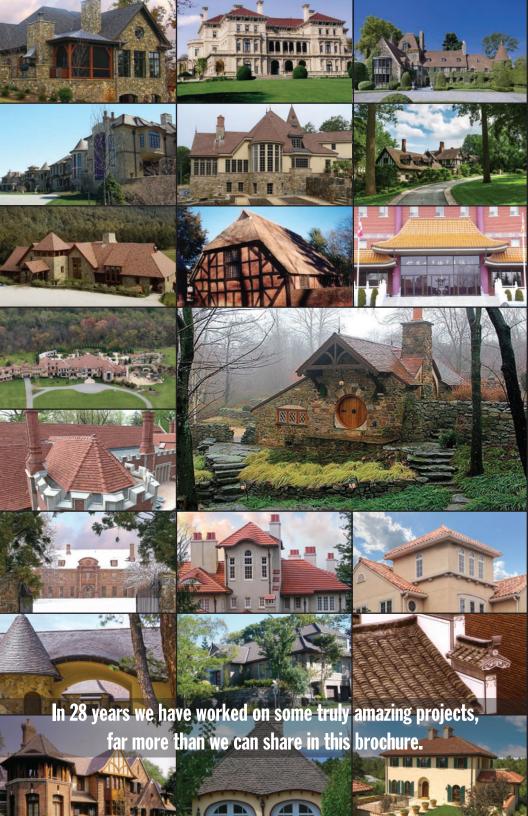

We really hope you find our 2019 catalogue of interest, and for more information, access to our digital brochures or just a chat, please don't hesitate to give us a ring.

All of us at Northern are looking forward to being of service to you and your clients.

RECENTLY A CLIENT SAID TO US:

"IT CERTAINLY IS REFRESHING TO
SPEAK WITH A TILE MANUFACTURER
THAT OFFERS SOLUTIONS INSTEAD OF
THROWING UP ROADBLOCKS."

# THE SHINGLE TILE COLLECTION

The Shingle tile collection brings together all the primary options Northern can offer you in the category.

Size relates to the number of pieces per square

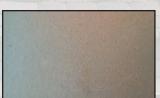

English 10 ½" x 6 ½" Large English 12"x 7" North American 15" X 7"  $4\frac{1}{4}''$  exposure - 525 pieces per square 5" exposure - 411 pieces per square  $6\frac{1}{2}''$  exposure - 316 pieces per square

GRANULAR - Usually associated with handmade English tiles - a gritty granular sand finish on a tile with soft round edges and cambered in width and height.

**LIGHT SAND** - A fine sand finish on a hand finished tile with square shoulders and butt - usually not quite flat.

**SMOOTH** - A machine made tile with square cut sides and butt - very flat and uniform.

WIRE SCORED - Handcrafted tile with scored finish.

**LIGHT TEXTURE** - hand application of engobe color with light aggregate in mix.

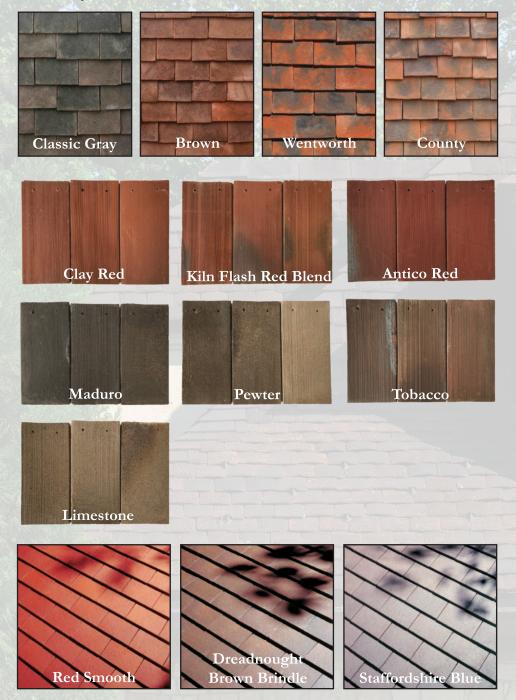

**HEAVY TEXTURE** - Hand application of engobe color with heavy aggregate in mix.

PITTED SURFACE - created by applying combustible material coal chips to the surface of the tile before firing.

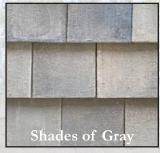

# THE SHINGLE TILE COLLECTION

For 2019 we have expanded the range of colors, shades and blends we can now offer you.

Northern can work with you to create color combinations and then ship the tiles to site "ready blended" for immediate installation. Usually at no extra cost. Saving the installer time and cost not having to mix and blend once the tiles arrive on site.

#### **CUSTOM**

Because of Northern's expertise and experience in the correct installation of clay roof tiles in any climate and our special relationship with our tile makers, we are able to offer our clients a custom service and provide:

- · Develop custom colors or blends
- Develop custom surface finishes & textures
- Develop custom shapes
- Swept hips
- Swept valleys
- Turrets
- Dormers

If you can imagine it, there is a very good chance we can make it. Talk to us about you dream ideas.

**OPTION #1 - PROFILE AND SIZE CONFIGURATIONS** 

#### **CASTILLA**

The traditional tapered overlapping Pan & Cover 18" long x 8" wide reducing to 6  $\frac{1}{2}$ " 184 piece per square

Straight Barrel Mission tile 16" long x 8 ¼" wide 192 pieces per square

Narrow profile tapered overlapping 18" long x 6 ½" reducing to 5 ½" 214 pieces per square

Wide flat pan laid with Toledo covers 18" long x 11" wide 148 pieces per square

#### ANTIQUA

Handmade tapered overlapping cover laid with Castilla pans Lengths - 15  $\frac{1}{2}$ , 16  $\frac{1}{2}$  x 17  $\frac{1}{2}$ "

**OPTION #2 - SURFACE TEXTURE** 

SMOOTH

Extruded finish on clay red and kiln flashed colors

LIGHT TEXTURE

Hand application of engobe\* with light aggregate in mix

WIRE SCORED

Hand crafted scored finish best combustible on a non textured surface

All 4 options available on Castilla, Marbella, Toledo and Roman profiles

\* Engobe is a liquid pigmented clay hand applied to the surface of the tile. The tile is then fired to 2000° C (3632° F) and the surface finish becomes an integral part of the tile.

PRIMARY OPTIONS #3 - COLOR BLENDS

Color blends available in Antiqua handmade covers

VILLA DEL CAMPO

VILLA DEL SOL

Northern is happy to work with you to create a custom color blend and then ship the tiles to site "ready blended" for immediate installation, AT NO EXTRA COST. Saving the installer time & cost from having to mix and blend the tiles on site.

Ph: 888,678,6866

PRIMARY OPTIONS # 4 - CUSTOM

Due to our special relationship with our tile makers and our expertise we have the capacity and ability to create custom pan & covers to suit:

- Fantails
- Dormers
- Circular Turrets

We can also work with you to develop custom colors and blends. Basically if you can imagine it, there is a very good chance we can make it.... all it takes is a phone call to find out.

### THE EUROPEAN COLLECTION

The European collection brings together the primary profiles Northern offers in this category. All the tiles offered:

Machine made in an ultra modern high tech factory

 The tiles are interlocking with advance side and headlocks to provide maximum weather protection

# PLANA FLAT INTERLOCKING

# **ORNAMENTAL TILES**

Ornamental tiles, as well as decorative ridge and finials, have been used to liven up and add a bit of flare to shingle style roofs as well as slate.

Finials and decorative ridge tiles come in all shapes and sizes or Northern can 'custom make' to your exact design and requirements.

Call us for more information or download our digital brochure.

# SAVE TIME & MONEY ON MORTAR INSTALLATION & MAKE QUICK REPAIRS

# **flexin**ROOF MORTAR Available From Northern Roof Tiles WEST

#### BENEFITS OF FLEXIM ROOF MORTAR

#### READY-TO-USE

Flexim Roof Mortar is supplied in ready-to-use strips, making it quick and simple to install. There's no time-consuming mixing needed and any product not used can be saved until your next project.

#### SAVES TIME AND COSTS

Tests have shown that Flexim Roof Mortar is up to 5 times faster and 50% cheaper to install than traditional mortar systems. There's no need for any mixing and no washing out needed when the job is completed.

#### INSTANTLY WATERPROOF

Extremely strong and will withstand all types of weather conditions and temperature extremes.

#### PERMANENTLY FLEXIBLE

Unaffected by the contraction or expansion of the roof or wind uplift on the tiles.

#### ENVIRONMENTALLY FRIENDLY

Contains no harmful ingredients & is formulated using natural linseed oil.
