# ODD MAN OUT

---

||

---

## Material

---

- Power Point Game
- The Four Letters
- Tape

## How to Play

Tape the four letters to different corners of the walls. We have provided simple letters than can be printed. Slides will be shown with different questions on them. Students will all move to the letter they believe is the correct answer. If they are not at the correct answer then they will be eliminated from the game. At the end of the slides the students still remaining are your winners.

### *Pro Tip:*

We have provided simple letters than can be printed. If you have a bigger space you may want to make your own letters are on larger poster board.
